BALLOTS CAST HERE MAY RUN TEN PER CENT

In Some Precincts Only Judges and Clerks Cast Their Votes

SAME APATHY OVER STATE

Precinct E, Sixth Ward, and A of Fifth Ward Show Heaviest Vote

That the city vote at the presidential preference primaries today would not exceed 15 per cent and possibly would not go over 10 per cent of the normal vote appeared to be a certainty at noon after a check had been made of a number of precincts in each ward.

At noon the vote appeared to be running about five per cent of the number usually turning out for a November election. The vote this afternoon was expected to be slightly heavier.

In many precincts more than half the votes cast were those of the six judges. Many precincts that usually bring out 250 to 300 at a fall election had recorded an average of eight to 10 votes at noon.

In the two Marion Township precincts in the Courthouse only 16 votes had been cast. The North Precinct was leading with 10. These two precincts usually bring out between 350 and 400 votes. Fair weather this afternoon was expected to cut down the rural vote in case the ground was in a workable condition.

What They Decide

About three-to-one was the approximate ratio between Republican and Democratic votes at noon with the former in the lead. The Democratic vote is expected to be exceptionally light due to the fact that no condidacies are contested. Republicans will register their choice of three presidential candidates and will decide whether Willis or Hoover delegates will go to the Kansas City convention.

In the survey at noon the heaviest votes reported were at Precinct E of the Sixth Ward and Precinct A of the Fifth Ward. The former had cast a vote of 33, of which 22 were Republican. This precinct, located at the Wise

ATTORNEY IN RACE FOR REPRESENTATIVE

Don A. Tonguett Files Declaration of Candidacy Here Today

Don A. Tonguett, local attorney, has filed declaration of candidacy for state representative from Marion County. Tonguett is a Republican.

Tonguett is one of the youngest candidates to seek a seat in the state legislature from Marion County. He graduated from the law school of the University of Cincinnati last June and in January took the state bar examination. He has been located here since his admittance to the bar.

Although Attorney H. E. Hill, present representative from Marion County in the state assembly, has not filed his declaration of candidacy, he has announced his intention of seeking reelection. Attorney Hill is also a Republican.

Fliers Speed Repair Work On Bremen in Hopes of Getting Off Island Today

Hardy Trappers Trek to Lake St. Agnes To Await Arrival of Plane and Transatlantic Aviators: Chamberlin on Hand To Meet Germans and Irishman

Lake St. Agnes, Que., April 24—From miles around, hardy trappers trekked here today to await the arrival of the Bremen and the two German fliers who have been marooned with it on icebound Greenly Island since the plane ended its epochal 36-hour westward flight over the North Atlantic, 10 days ago, by burying its nose in the icy surface of the island reservoir. The fliers hoped to hop off from the island some time today.

Immediately after the arrival of the Ford relief plane at Greenely Island yesterday, activity began with a vengeance. No sooner had Maj. James S. Fitzmaurice, Bernt Balchen, Ernest Koeppen, the Junkers mechanic, and the newspapermen who made the fourth of the relief party, debarked from the huge plane, than the repair parts for the Bremen were unloaded.

Begins Repair Work

Koeppen then began the work of putting a new propeller on the plane. Then a new undercarriage was fitted to it. Meanwhile, Dr. Louis Cuisinier, who with "Duke" Schiller was the first to reach Greenely from the outside world, marshalled about 20 willing natives for the most difficult task at hand, the moving of the Bremen to the ice of Belle Isle Straits for the take-off.

The Bremen weighs several tons and must be moved by man power only, as there is no other apparatus available. Cuisinier, the only man in the relief party able to speak French, supervised the work of the natives.

If the Bremen is put into shape in time for a take-off today, it will fly here for refuelling and then leave for New York probably tomorrow morning.

Capt. Hermann Koehl will pilot the Bremen. He will be accompanied by Baron Ehrenfried Von Huenefeld. Whether Major Fitzmaurice will come here in the Bremen also, or go in the Ford plane to aid Bernt Balchen in handling the immense tri-motored monoplane and then change back to the Bremen here for the triumphant flight to New York is not known.

Chamberlin on Hand

The Ford plane brought both a land undercarriage and skis for the Bremen. Which will be used will depend on the weather. It is reported that a thaw has set in in the northern regions. In that case the land gear will be used and it is probable that the plane will fly direct to the plains of Abraham near the City of Quebec.

Should the warmer weather bring a thaw here, the Ford plane will not fare so well in making a landing here. It is equipped with skis only.

Clarence Chamberlin, who piloted Charles Levine to Germany in the monoplane Columbia last year was the center of attraction here today. He arrived here from Hartford, Conn., late yesterday in a Fairchild monoplane.

Chamberlin was reticent about his plans and fought shy of the admiring group of natives which swarmed about him. It is believed he intends to escort the Bremen from here to New York in another plane as a mark of courtesy for the honor paid him in Germany when he flew there.

TREE ARRIVES

Willow To Be Planted in Harding Tomb Sent from New York

PLANS for the planting of the weeping willow tree which will adorn the interior of the Harding Memorial, are being made by George M. Hurst, of the Greening Nurseries of Monroe, Mich., who is in charge of the tree planting at the memorial grounds.

The tree, which is 10 inches in diameter and about 15 feet high, arrived yesterday from New York state and will be planted about seven feet from the burial vaults of President and Mrs. Harding, allowing the delicate green foliage to drape over their last resting place.

A large number of the trees to be used in the exterior landscaping work as well as many shrubs, have also been received and are being planted under the supervision of Mr. Hurst.

HOOVER HOPES MAY HINGE ON TODAY'S RESULT

Three States Are Casting Ballots in Republican Primaries

SOME SEE 50-50 SPLIT

Ohio Editors Voice Opinion; Some Say Hoover Will Get Only 15

Washington, April 24—Herbert Hoover's chances of obtaining the Republican presidential nomination at Kansas City seven weeks hence will be influenced—perhaps decisively—by the primary elections in three large and important states today, Ohio, Pennsylvania and Massachusetts.

The result in these three states, involving a bloc of 193 delegates, may furnish the answer to the politicians' constant query: "Can Hoover be stopped?" or on the other hand, the results may not be decisive at all. They may be indeterminate enough merely to throw a little more light on the Republican pre convention struggle between Hoover and "the allies," and furnish some additional conversational fuel.

Generally speaking, the practical politicians of Washington feel that today's contests will be important, but not necessarily decisive.

Ohio Is Cynosure

Ohio, the cockpit of so many political struggles, is the cynosure of political eyes. It is there that Hoover elected to stride into the open with his candidacy and give battle against Senator Frank B. Willis, Ohio's favorite son, whose death a few weeks ago has thrown all of the political calculators into confusion. Ohio will afford the clearest insight into Hoover's popular strength despite the death of Willis, because the friends of all the other candidates, Dawes, Lowden, Curtis, Watson, have rallied to the Willis cause, affording a test of Hoover against the field.

The stake in Ohio comprises 51 delegates. The Hoover managers in Washington claim a majority of the delegation will be theirs after today. Some of the more optimistic claim 35 or 36 of the 51, but most observers here consider this latter claim to be extravagant.

See 50-50 Split

Many Ohio editors, whose opinions polled in Washington last week, predicted "about a 50-50 split" in Ohio today. A few thought that Hoover will not get more than 15 of the delegates, which, if borne out, would be a fairly decisive defeat for the cabinet candidate in Ohio considering the split in the party, and the thorough-going way in which the Hoover forces have invaded the state.

BENNETT FIGHTING PNEUMONIA, PLEURISY

Flier Gamely Resisting Ravages of Disease in Quebec Hospital

Quebec, Que., April 24—Gamely resisting the ravages of double pneumonia and pleurisy, Floyd Bennett, who piloted Commander Richard E. Byrd's plane to the North Pole and back, was fighting for his life today at the Jeffery Hale Hospital here.

Dr. Alvan L. Barach, a specialist at the Presbyterian Hospital who arrived here from New York with Mrs. Bennett yesterday afternoon, is pessimistic about the flier's condition.

After viewing two x-ray pictures in consultation with Dr. William H. Delaney, superintendent of the hospital, Dr Barach made the following announcement to newspapermen.

"Mr. Bennett is suffering from double pneumonia and pleurisy. He is a very sick man. His temperature is 103 and his pulse 124. I do not expect the crisis for two or three days and have made arrangements to stay here for several days at least."

OBTAIN $5,000 ON FIRST DAY OF Y CAMPAIGN

Reports Made at Noon Meeting Held at Association Building

BULLDOGS TAKE LEAD

Two Hundred Workers "Attack" City for Fund Goal, $25,940

Twelve hours after the annual Y. M. C. A Boy Scout drive for operating funds opened last night committees reported total subscriptions of $5,217 at a meeting at noon today.

The attack on Marion by an army of workers got under way early this morning as more than 200 workers, under the direction of a capable staff of leaders, took to the field. The opening followed a banquet in the Y. M. C. A last night.

The Bulldog division led other divisions with $1,368. Men captained by Homer Waddell reported $585 from 21 subscriptions as the largest team report.

Other subscriptions reported by captains at the meeting held at noon today: V. C. Smith, $150; James C. Woods, $227.50; J. L. Llewellyn, $136; A. E. Goetting, $220; E. L. Merchant, $320; J. P. Thatcher, $208; L. C. Dickson, $355; H. E. Clemens, $400; Harry Bodley, $120; Roy Waddell, $225; C. R. Kerr, $85; Jay Maish, $110; Frank Gegenheimer, $130.50; R. E. Grubaugh, $100; W. J. Leek, $115; E. G. Siefert, $135; Russell Snare, $195; C. Watkins, $140; R. G. Williamson, $200.

With a goal of $25,940 having been established, the workers took the field this morning for their first "charge" following a get-together banquet at the "Y" gym last night.

Weeks of preliminary organization at campaign headquarters at the "Y" preceded the meeting, attended by 150 men.

Jesse H. Mason, general chairman of the drive, opened the program with remarks urging every member of the campaign committee to make early reports of progress in the drive. Every member is expected to submit two contributions at the daily banquets.

WORK STARTED ON W. CENTER TRACKS

Tourist Detour Signs Erected as Street Railway Route Is Changed

Work of rebuilding the right-of-way of the Columbus, Delaware & Marion Electric Co. on W. Center-st as a part of the W. Center-st improvement project, is expected to be started within the next few days, it was announced at the office of the city engineer this morning.

Ties are now being placed on the south side of the street to support a temporary track while the new track is being built and it is expected the track will be shifted over Wednesday.

The plan first considered, of building the north side of the street first and then the street car right-of-way, has been changed, City Engineer Cathers said today. The street car track will be built first and then the north side of the street.

Tourist traffic is being routed south on Orchard at the Harding Hotel to Church-st then west to Davids-st and north to Kenton-av. City traffic will, however, continue to use W. Center-st, although detour signs have been erected, at least until work on the track is started.

Construction of the storm water and sanitary sewers, which is also a part of the project, has proceeded as far as Garden-st. Rain today halted work for awhile but it was resumed later in the morning.

SENATOR REED TO ENTER IN WEST VIRGINIA PRIMARY

Washington, April 24—Senator James A. Reed, Democrat of Missouri, will enter the West Virginia primary, and present a complete slate of delegates, it was officially announced here today.

Reed's name will be filed some time between now and April 28, the last filing date, and the senator will embark tomorrow on another speaking trip into the state, with dates at Lewisburg April 25, and Huntington April 26.

DISTRICT ROTARY CLUBS WILL HOLD CONFERENCE

Cleveland, April 24 — Registration for the twenty-first district conference, Rotary International was to begin here today when representatives of 69 clubs in northern Ohio gather—nearly 1,000 strong—for their annual business session. The conference closes Wednesday afternoon.

Charles J. Pfahler, district governor, Ashtabula, and his committee have arranged an elaborate program of general meetings as well as important round-table conferences with leaders

DON'T EVEN COUNT

Men Going into Discard As Spenders of Money

WASHINGTON, April 24—Men are going into the discard as money spenders and it's getting to a point here they don't even select their own socks and neckties.

Women spend about $32,000,000,000 or two-fifths of the money passing over retail counters of American stores every year, Julius Klein of the Commerce Department, declared today.

"It seems the sheerest preposterous nonsense for the mere man to delineate that he is of any retail trade consequence," Klein said.

"No less than 85 per cent of the consumer buying is done by women."

STEWART TELLS OF RECEIVING LIBERTY BONDS

Transferred $759,500 to "Trust Fund," He Testifies at Oil Inquiry

Washington, April 24—Robert W. Stewart, chairman of the Standard Oil of Indiana, today told the Senate oil inquiry that he received $759,500 of the Continental Trading Company's mysterious $3,080,000 Liberty Bond "slush fund."

Stewart said he transferred the bonds to a "trust fund" for the Standard Oil of Indiana and the Sinclair Crude Oil Purchasing Co. In event of his death, Stewart said, the two companies would share equally to his share of the Continental bonds.

His testimony identified Stewart as the missing "fourth partner" in the Continental deal.

Stewart testified that the bonds were turned over to him by Henry Smith Osler, president of the Continental, in 1922 and 1923 at meetings in Chicago and New York. He said he immediately created the "trust fund" and made Roy J. Barnett, a tax expert of his company, the trustee.

On last Saturday, with Harry F. Sinclair acquitted, Stewart said, he revealed the story of the bonds to the board of directors of the Standard Oil of Indiana. The directors decided to turn the bonds over to the Sinclair Crude Oil Purchasing Co., he added. This delivery was made through Barnett on Saturday.

Senator Thomas J. Walsh, Democrat of Montana, first reminded Stewart that the Harry F. Sinclair case was ended. Stewart, when he defied the Senate several weeks ago, said he did so because he was to be a witness in the Sinclair case.

PETITIONS FILED BY UPTOWN BOOSTERS

City Council Receives Street Improvement Proposals

Members of the East Center and South Main Streets Improvement Association took the first definite step last night in their campaign to eliminate what they say is the danger of Marion becoming a "one-street town."

This action was taken with presentation to City Council of petitions asking for resurfacing or repaving of E. Center-st from Main-st to Greenwood-st and of Main-st from the railroads to Columbia-st. Council referred the petitions to the street and alley committee.

Members of the new association are working to have the uptown paving projects placed uppermost on the city's plans for future improvements.

G. Farr Larie, secretary of the association, served as the spokesman for the 15 members who attended the meeting of Council last night, and formally presented their petitions. The petition for the improvement of Main-st carried the signatures of 45 property owners and that for E. Center-st, had 37 signers.

New Buildings Forecast

That erection of modern business blocks to replace some of the small buildings now on E. Main-st would follow the proposed paving improvements, was intimated by Mr. Larie in presenting the petitions to council. He also declared that every means should be taken to prevent the city from becoming a one-street town.

The members of the association were assured by Emery Murphy, president of Council, that council is in accord with the efforts of the association and that the members would willingly co-operate in every way possible for the improvement of the street and the establishing of a new lighting system to harmonize with that to be installed on W. Center-st, which was also asked for by the spokesmen.

CONDITION OF BRIAND IS ARousing ANXIETY

Paris, April 24—Although bulletins concerning the illness of Foreign Minister Aristide Briand are optimistic some anxiety was expressed today over the inability of the attending physicians to reduce his fever.

M. Briand's attack was diagnosed as grippe. The three attending doctors state that his lungs and heart are in good condition and have not been affected.

VOTE BLOCKED BY PROTEST OF COUNCILMAN

Wilkins Urges Effort To Retain City Street Car Service

BUS CONTRACT READ

Franchise for Maag Brothers Co. Is Tabled for Two Weeks

Still hopeful that some action may be taken to induce the C. D. & M. Electric Co., either by threatening to deny renewal of its interurban franchise or by providing an increase in fares, to continue local street car service after expiration of the franchise in October, Councilman J. A. Wilkins of the First Ward blocked the passing of an ordinance by City Council at its meeting last night, granting a bus franchise to the Maag Brothers Transportation Co. of this city.

Wilkins' protest against the passage of the ordinance followed a plea made to council by Dr. C. J. Nichols, of N. State-st, who said the residents of his street do not want buses to replace the street cars.

"There are enough buses already," Dr. Nichols said, "and we want the street cars to continue even though it will be necessary to increase the fares one-fourth."

He also suggested that if the street car company should refuse to continue operation of its city cars, it should be denied a renewal of its interurban franchise, which he said will expire in July. "We should refuse to allow freight trains to be hauled over our streets if the company will not operate city cars," he declared.

Not Ready, Wilkins Says

Following the first reading of the ordinance franchise, Councilman Wilkins, whose name is called first on the balloting, said he was not ready to vote on the measure.

Referring to the letter written to council by A. F. Van Deinse, president of the C. D. & M., in which it was stated the company expects to discontinue street railway service at the expiration of the franchise in October, Wilkins expressed the belief that some arrangements could be made to induce the company to continue the service.

He also expressed the opinion that if the company could not be induced to

ASK TRAFFIC LIGHT FOR SCHOOL CORNER

Citizens Request Safeguard for Children at Pearl-st and Bellefontaine-av

An offer to pay $100 toward the purchase of a traffic light proposed for the intersection of Bellefontaine-av and Pearl-sts was made by Earl R. Wilson, 207 Bellefontaine-av, in connection with a petition signed by 18 property owners and all of the teachers of the Pearl Street and Lincoln school buildings presented to City Council at its meeting last night.

The petition states that approximately 500 school children cross the intersection daily and that reckless and speeding motorists have made the point exceedingly dangerous for the children. The petition was referred to the light committee.

Legislation Authorized

A recommendation for the building of a sanitary and storm water sewer on Campbell-st to connect the Millat sewer with the new sewers being constructed on W. Center-st, which was presented to Council at its meeting two weeks ago, was referred to the city solicitor for legislation at the meeting of Council last night upon recommendation of the sewer committee.

For the second time since being presented to council, an ordinance increasing the pay of engineers in the city engineering department, was referred back to the finance committee last night. The ordinance provides an increase to $7 a day for first two assistant engineers, $6.50 for one engineer and assistant engineer, $6 for the third and $5 for the fourth assistant. The finance committee did not report favorably on the ordinance when first presented.

CITY CHARTER VOTED ON IN CLEVELAND

Cleveland, April 24—With registration running high, Cleveland voters went to the polls today to vote on three ballots—the presidential ballot, delegate ballot and the city charter amendment. The latter is to decide whether Cleveland will retain the city manager form of government or return to the mayor-alley system in 1930.

A heavy vote—probably in the neighborhood of 45,000—was forecast by A. J. Hirstius, clerk of the election board.

Three Sisters Meet In Ohio Village To Celebrate Golden Wedding Anniversary

SOUTH CHARLESTON, April 24—Fifty years ago, three sisters—pretty, demure, Quaker girls—were married together in a spacious, old-fashioned mansion, in the little community of Glenwilde. Today, three aged women, and their husbands, came back to Glenwilde from distant parts of the country, to celebrate their golden wedding anniversary.

Journeying from Lodge Grass, Montana, Mr. and Mrs. Fred W. Wilson, are here for the celebration. The second sister and her husband, Mr. and Mrs. Charles Dugdale, of Homedale, Idaho, are also present. Mr. and Mrs. Howell Peirce, of Toledo, complete the party that in 1878 were the participants in the triple wedding.

Married by the Friends ceremony, a quaint Quaker rite that does not require the services of a clergyman, the three aged couples are today recalling the momentous day which marked the beginning of their 50 years of married life.

Invitations have been sent to 175 guests, 34 of whom attended the wedding.

President Coolidge joined with the hosts of friends throughout the United States in sending "best wishes" to the celebrants. Congratulations were also received from Governor Donahey, of Ohio, Governor Erickson, of Montana, and Governor Baldridge of Idaho. The Ohio State University, which has educated several generations of the Peirce and Wilson families also sent a message of congratulation.

The sisters, members of the pioneer Watson family, are to be the guests of many other sisters who now occupy the ancestral home.

LUCKY!

That's what you think about the other fellow when he seems more affluent than you. But seldom is it luck, he is usually the fellow who makes his own opportunities; he saves a little regularly and as a general rule he takes his bank into his confidence for advice in financial matters. This opportunity is open to you here.

ENJOYS BEST OF HEALTH SINCE HE GOT KONJOLA

New Medicine Ended Years Of Suffering From Stomach and Nerve Disorders.

MR. ROBERT E. CONVILLE

"Konjola gave me new health in every way," said Mr. Robert E. Conville, 1005 Howard St., Mt. Vernon, Ohio, "and I am free of stomach trouble and nervousness I had been suffering for more than ten years.

"My whole system was in a very bad condition. My nerves were unstrung and I was unable to sleep at nights. I could not eat a good meal because of the misery I would suffer afterward. Besides these troubles, I was suffering with neuritis pain ... my legs.

"I read about Konjola and the good it was doing others so I began taking this medicine. I noticed that soon I was able to eat better and digest my food. My nerves quieted down and I could sleep through the entire night. Finally the neuritis pains left me and now I am in perfect health and I owe it all to Konjola."

Konjola is different than any other known remedy in this section. It contains twenty two juices extracted from natural plants which invigorate the stomach, liver, kidneys and bowels, to a more healthy action. The effect of Konjola on the entire system brings amazing relief in cases of suffering that had been going on for years. At the same time many weak and rundown systems have been restored to a new state of health through this compound. Such a vast number of men and women in this city have told of their experience with this new medical product until now Konjola is the most highly indorsed medicine that is known in this vicinity.

Konjola is strongly recommended here in Marion at Stump & Sams Pharmacy, and is also being sold by all the best druggists in all towns throughout this section.—Adv.

Works Full Time Ever Since First Application of Famous Sykodoner—Surely Astounding.

TO WHOM IT MAY CONCERN

I gladly ... ...to express my ... ...and happiness. I have lived on the same farm, near Green Camp, Ohio for 65 years, within two miles of where I was born, 65 years ago. Until about a week ago, I looked and felt more like eighty. Now I look and feel at least thirty years younger and all because of what the wonderful Sykodoner did for me, in so short a time. It ... ...gets new chum. Why, I had suffered, more or less, for

HUSTEN MANLY

thirty years, and took enough medicine to start a young drug store, only to become worse as I grew older. I could no longer do my farm work—not even walk ten rods to the barn. My dear old wife had to do the chores during the severe cold weather, until kind neighbors attended to that thank the good Lord. I suffered something terrible, no one else can even realize what I endured. I suffered with pain, almost all over my entire body and especially in the left side, kidneys, arms, neck and almost choked to death. The doctor "shot" narcotics into my veins, every day or night, for almost a week. He finally told me that he could do nothing more for me. Now what was I to do? That was the all important question. I was in despair. My stomach was so acid I took almost five pounds of baking soda. For weeks I could barely sleep. I grew worse from day to day. All hope was gone, and I resigned my self to the hands of God. Like a message from heaven, my attention was finally called to the famous Sykodoner—the wonderful new treatment which is creating so much excitement in Marion, now. I lost no time in getting to the Sykodoner Man. Well, that same night I slept sound as a log, and ever since. I awoke with all pain and suffering gone, and husked corn all that day. Two days later I helped my neighbor butcher hogs, and was not even tired that night. Now can you imagine anything so wonderful delightful to a sick and discouraged sufferer? I think not! My joy has no bounds. I am making this statement voluntarily—was not solicited; for I feel it my moral duty toward my God and my fellowmen, that the grand and glorious Sykodoner work be made known to all. Why, I feel like shouting it from the very housetops. Anyone wishing to know more about what this marvelous discovery has done for me, will please not hesitate to ask me."

Signed, Husten Manly,
R. F. D. LaRue, Ohio.

YOUR car needs slip covers. If you were to have a 10-piece set made to order it would cost you $50.00 up to $125. You can get Fandangos here, ready-tailored for your car, at $35 less, at least. But don't confuse Fandangos with others. They have exclusive, patented features all their own.
Fandangos will protect new upholstery or conceal a worn interior. There are 10 pieces, including door covers with large pockets. They *fit* because correctly tailored to exact master patterns of each car model. They are the largest selling slip covers for automobiles—hence the low prices (based on big volume) for good quality materials and excellent workmanship.
They will save you more money later on, by preserving your upholstery and conserving the value of your car.

Daily Proverb—"Sleep makes every man as great or rich as the greatest."

The present is American forest week. Those who have forests to plant should put 'em out now.

A Washington wire says the "oil probe" will go on. Naturally! What else was to have been expected in a presidential year?

A Washington paper says that watermelons will be on the market there next week, but even this will hardly explain the burning desire of so many of the patriots of the land to go there.

Until we noted that thirteen-year-old Earl Dickinson won the spelling championship of Iowa because of his ability to spell monocotyledon we never fully appreciated the practical value of spelling matches.

The reformed criminal who confessed out in El Paso to the Hall-Mills murders in New Jersey in the hope that he would be taken there and escape a charge of theft in Oklahoma doesn't appear to have been so wholly reformed as to make his reformation noticeable.

Poincare, the cables tell us, piled up a big lead in the election which was to have retired him from the French premiership. Maybe France is not so red as she has been painted by the alarmists.

Bishop Collins Denny, just back from Miami Beach, told the Baltimore district conference of the Methodist Episcopal Church South, that he was shocked by the bathing costumes of women, predicting that soon they would be wearing nothing but a loin cloth. The bishop may be right, but what we can't understand is why he had to go so far to get shocked.

The lower house of congress not only has voted to reimburse a Nicaraguan woman who demanded $38 for a dress torn by a marine, but added $100 extra. In the light of a precedent like that, there is liable to be some more dress-tearing by marines not only down in Nicaragua, but up here as well.

Based on the same percentage that has obtained for a number of years past, a New York statistician figures that the people of the United States will give to charity $1,248,920,000 this year. That's some letting go of the coin for "a lot of dollar chasers," as the outside world very generally loves to term us.

Reports from Bluefields are to the effect that the outlaw, Sandino, recently raided a gold mine down there and is holding all employes, four Americans included, as prisoners. This should prove glorious news for the enemies of the government up here, native and alien alike, who have been making a business of glorifying Sandino for months past, and should give added impetus to the efforts of those of our federal lawmakers who have been playing to the gallery by demanding the recall of the marines.

The Immensity of the Universe.

From Philadelphia comes word that the astronomers have succeeded in getting our solar system fairly well located in the universe at last; in other words, that they are pretty well satisfied regarding the position of our solar system with regard to the center of the universe.

We will not attempt to state the steps by which our scientists have proceeded to reach their conclusions. That kind of a proposition would be beyond us. We simply accept the statements of the scientists without the slightest understanding of their processes, and pass their conclusions on to our readers for what they are worth.

For several years the Harvard observatory has been studying a region that embraces about ninety-five per cent. of the Galaxy and covers about one-fifteenth of the sky—the Milky Way—by every instrument and device attainable; by every means, in fact, known to the astronomical world, and as a result of this study Dr. Harlow Shapley, director of the observatory, reports to the American Philosophical society that our place in the universe is about 52,000 light years from the center of the universe, which may possibly be concave instead of flat in shape, as heretofore the more generally held. Not only has the distance from our solar system to the center of the universe been thus approximated, he says, but the pole of the Galaxy has been fairly well determined, and he estimates that the diameter of the Galaxy is 200,000 light years.

A light year is the distance that light will travel in a year. Would you know the immensity of the universe as figured by the scientists? Then multiply the 365 days in a year by the twenty-four hours in a day and you get 8,760 hours. Multiply this result by sixty and you have 525,600 minutes. Again multiply by sixty and you have 31,536,000. Now light doesn't travel 200,000 miles a second, but a few thousand miles do not matter greatly in matters such as this and it makes the multiplication simple. Multiply 31,536,000 by two and add five ciphers, and you have the diameter of the universe as the scientists of today estimate it.

That Predicted D. A. R. Flare-Up.

The predicted flare-up in the national meeting of the Daughters of the American Revolution in Washington, as a result of so-called "blacklisting" of certain persons unsuitable as speakers before D. A. R. groups owing to a lack on their part of proper brand of Americanism for which the organization stands, was a most decidedly mild affair, and it was squelched by the almost unanimous action of the assembled delegates.

The matter was brought before the convention when the so-called "protest" resolution was reported out from the resolutions committee without recommendation. The resolution asked that local chapters of the D. A. R. be allowed to use their own discretion in the selection of speakers, provided for a referendum among local chapters on important matters of policy before action is taken by the national board and for presentation to the local chapters for approval or disapproval of the policies of the national defense committee.

It is manifest that the resolution would have been overwhelmingly defeated under any circumstances, but it was in no way helped when Mrs. St. Omar Roy, of Kansas, in response to an invitation by Mrs. Brosseau, president general of the national organization, to speak from the platform in support of her resolution, admitted that she was a member of the International League for Peace and Freedom, for which she was hissed. As it was, the resolution, which, had it passed, would have practically wiped out of existence the national defense committee, received the support of fourteen delegates while about 2,000 voted against it.

The Daughters of the American Revolution stand for an Americanism which holds the best interests of America paramount as regards the interests of all other nations. It is opposed to bolshevism, communism, anarchism, internationalism, pacificism, pink tea-ism and any and every ism which would subrogate American interests to those of the outside world. In pursuit of this policy of intense Americanism, it has held certain parties who place the interests of other lands above those of America, parties who would sacrifice American rights and American ideals for international rights and international ideals, parties given to socialistic ideas an' theories more than to American ideas and theories, as unfit to speak before local chapters of the organization. It does not attempt to stop them from speaking before other organizations, only from speaking before its component organizations, and certainly in so doing it is well within its rights.

When America and Americanism is beset by the propagandists and active agents of almost every "ism" conceivable to bring about the weakening of our form of government in the hope of finally accomplishing its overthrow and destruction, it is well for us to have such organizations as the Daughters of the American Revolution to combat such assaults. It is a pity that we have not more such organizations than we have. They may err at times, just as the Daughters of the American Revolution may err occasionally in correctly classifying some of whose Americanism they may judge, but about ninety-nine times out of a hundred it will be found that they are not far wide of the mark in their estimates, so far as patriotism, and love of country, and respect for our form of government, are concerned, of those they hold unfit to address them, and the utterances of some of those who have been thus classified go to show it.

All Sea Traditions Violated.

The soviet Russian steamship, Roshal, which recently rammed and disabled a steamship in the estuary of the Thames, is again in the limelight as a result of having rammed the Olga Emilia, a Latvian sailing vessel, near Libau.

The course of Captain Freemann, of the Roshal, in the latter case was simply amazing in the light of every tradition of the sea. He utterly ignored the request of the Olga Emilia for assistance and continued on to Riga, where a number of soviet Russian officials urged the harbor authorities to give the Roshal immediate clearance. The Olga Emilia reached the port of Libau with difficulty and thus the Roshal was able to discharge her cargo at Riga and get away for a Russian port before the Olga Emilia could report the ramming to the Latvian authorities.

The two rammings may not have been intentional or due to indifference to the rights of others, but the course of the Roshal in refusing aid and slipping away from the scene of the second one is thoroughly in line with the general soviet attitude. It was that of an outlaw and its captain should be treated as such upon his arrival in the port of any civilized land. In fact, the entire soviet government might well be treated as an outlaw government, for that is precisely what it is.

A theater in the Loop district of Chicago was held up and robbed of $7,500, Sunday. For some reason, a lot of these stories of theater hold-ups do not altogether dovetail with the hard-luck stories coming from the theaters.

There has never been a time like the present for records, either for their making or their breaking. Hardly are they made till they pass to the discard. In this connection, it may be noted that the 206.95-miles-an-hour automobile speed of Captain Malcolm Campbell, of Great Britain, was beaten at Daytona Beach, Sunday, when Ray Keech established a mark of 207.55 miles and drove his machine one mile at the rate of 212.9 miles an hour.

Vagrant Verse.

AFTER DREAMING.

Why do you come to me to-night,
With all pre-natal fire in your fingers,
Mistaking a stranger for one you knew?
Why do you come, after all these years,
Seeking me out buried under her tears?

Don't you remember? You said you'd go,
And never return, though the winds were low
In blowing the mist in our eyes and hair.
Don't you remember? You said you'd go,
And never return, though she went too.
Tell her feet grew cold and her heart changed law,
Calling you, calling you—

Checking Baldness.

BY ROYAL S. COPELAND, M. D.

Hair isn't like disease. On the contrary, it is something everybody wants. If it begins to fall out, if it is filled with dandruff, or if it is too dry or too greasy, then there is a wail about the hair and from every quarter come questions about treatment.

Like every other kind of tissue the health of the hair depends on its blood supply. Without blood and ample blood, the hair will suffer. Unless the roots of the hair are constantly bathed in this life-giving fluid, there is sure to be failure of normal growth and vigor.

All the blood vessels which supply the scalp come from below. At the edges of the hair the vessels are of good size and the blood supply abundant. As the vessels approach the crown and top of the head, they taper off in size and are less capable of carrying a lot of blood. How much blood gets to the tiny vessels at the crown depends on the power of the heart.

If the heart is a powerfully acting pump, it drives the blood in a forceful stream to the tiny vessels at the very ends of the blood vessel system. If it is a weak and soft acting heart it does not do so well. If the health is impaired and, in consequence, the heart's action lowered, there is too little blood to supply the hair roots.

Men do much to interfere with the blood supply which might be ample otherwise. They wear heavy, close-fitting hats and wear them much of the time. The popular idea is that the heat of the hat causes baldness. It isn't the heat that causes the hair to fall. It is the pressure from the weigh tof the hat, or from the tight band which interferes with the circulation of the blood and which may actually cut off from the scalp a lot of the blood which is necessary to the nourishment and very life of the hair. A light and loosely fitting hat obviates this trouble.

There can be no doubt that the foodstuffs containing the chemical elements for hair building must be supplied liberally or the hair will suffer. Sulphur, particularly, is a chief constituent of hair. Diet has its place, therefore, and foods containing sulphur are most important. Among such foods are whole wheat, eggs, milk, oatmeal, dried beans and peas, gluten, bran and lean beef.

There are two chief forms of baldness. The first of these is a general loss of hair especially at the crown and top of the head. The other is a peculiar localized baldness, where patches of hair disappear. This is called "alopecia areata." For the latter form there are special causes.

To save the hair the health must be built up and the heart's action improved. Exercise, fresh air, sunlight, good food—all these are important.

Trouble with the hair is an evidence, usually, of some failure of function of the body or of the ductless glands. Normal health, then, is essential to the growth and preservation of the hair.

"No, thanks, I'll get that tonight."

The Way of the World.

BY GROVE PATTERSON.

Perhaps the world's greatest present work is the effort to maintain peace among the nations. The Carnegie Foundation for International Peace is one of the serious efforts. Lectures on subjects of international interest and personal contact between officers of the foundation and statesmen are bringing about a better understanding among Europeans. It's a long, slow road but the procession does move.

After much research and thirty-three years as a judge on the bench, Judge Marcus Kavanagh, of Chicago, estimates that 350,000 men and women in the United States make their living wholly or partly by crime.

This wise judge, looking back over the experiences of a long career, draws some interesting conclusions.

"I am sure that no man can be as good as a good woman," he remarks. "It isn't in him. And no man can be as bad as a wicked woman. He hasn't the same genius for evil. A woman is always more hurt by her fall than is a man by his fall, for the reason that a man only drops from the first story window, while the woman tumbles from the roof."

The tendency to try to escape from the harder situations of life is a tendency that leads to a great deal of unhappiness. There is no misery greater than the misery of conscious cowardice. And in the long run we rarely escape. We have to face things. Dealing with trouble, dealing with suffering, dealing with unhappy situations offers the only safe and sound road to a better day.

Hungarian schoolgirls must wear uniforms. They are discreet middy suits of navy blue. The decree is called a step in the campaign of the government, centering in Vienna, to check the moral deterioration of young people as revealed by the extremes of dress, cosmetics and methods of dancing. We aren't resorting to uniforms for schoolgirls in this country—not as a general practice. There is a kind of home training which can deal with whatever deterioration there is, without uniforms.

Editorial Opinion.

GALLOWS RETROSPECTION.

Birger, notorious southern Illinois criminal, is dead, hanged by the neck by the law he so often and for so long a time derided and mocked. Like all murderers, he himself wanted to live.

As he stood on the gallows trap this versatile criminal, who so callously had hurled others into eternity; who had violated the laws of the land with the reckless aplomb of an autocratic bandit chief, is said to have sighed: "This is a beautiful world. I've been a fool. I've been no good. I've committed a lot of crimes. We got too strong against the law, and the law broke it all up."

The beauty of the world, perhaps, was emphasized for him when his kiddies—his little girls—twined their young arms about him in the death cell during his last hours on earth. Things might have been so different!

It is hard to die at any time—even the devout Christian is reluctant to leave this life—but to die in the sweet springtime, with the voices of birds and the gleam of the sun and the loveliness of flowers all about one, it must be doubly hard for one who still is in the prime of physical existence. And Charles Birger went into the unknown with the fumes of April trilling his requiem.

This man and his gang of ruffians and murderers in connection with a rival gang of kindred ruthlessness, had for years terrorized the part of the state in which they operated. The Birger gang—perhaps properly—was charged with the fiendish murder of an officer and his wife, whose bodies they cast into an abandoned mine with as little feeling as if their victims had been a brace of slaughtered hares.

"I've been a fool," said the gang leader as he stood at the brink of eternity. The law was about to take from him what he had taken from others—his life. In that bleak moment he realized his folly, realized the majesty and power of the law he had mocked and outraged for vain and riotous living. It was a great day for [illegible] as great in its way as was the defeat of [illegible] corrupt and criminal regime in the city of [illegible] so recently accomplished. The fate which overtook this human wolf should serve to warn [illegible] his kind throughout the entire country that [illegible] law endures and in the end exacts inexorable [illegible]. American Geography.

BY GARRETT P. SERVISS.

It [illegible] to me a good move on the [illegible] the idea of a federation at the Pan-A[illegible] conference and suggested the org[illegible] of a Pan-American Geodetic Institu[illegible]

"The [illegible] functions" proposed [illegible] includ[illegible] states in a sentence its [illegible] very [illegible] a year. It is: "The coord[illegible] distribution and propagation of geogr[illegible] information in the States."

We [illegible] the great double [illegible] of A[illegible] still practically unknown [illegible] know the lands [illegible] the ocean. We see on the globe their [illegible] and [illegible] situation, but of their [illegible] we [illegible] wholly ignorant. No [illegible] even [illegible] regions that may [illegible] to us with far the pocket and [illegible] for [illegible] purposes that may be [illegible] of civilized people.

"[illegible] the scenario of the [illegible] to carry out and co-ordinate [illegible] calling for the cooperation of several countries and the control of [illegible] international.

"The Americas have ceased to be a [illegible] of Europeans, they are now discovering [illegible] selves. The geodetic age, which has long existed in the United States, is dawning over the whole of the two long continents; they are measuring and mapping themselves. One of the functions of the institute is to participate in the joint study of frontiers and to serve as an intermediary between American states for a better understanding between them."

This would put further away both excuse for, and possibility of, foreign interference in American affairs.

What an individuality, what an air of masterful independence, the Americas present on the stage of the world! What a pair of geographical twins they are! They stretch in an unbroken line through a double gamut of climates, extending from one of the polar circles practically to the other. They have two temperate zones, two tropics, and virtually two frigid regions. When winter reigns at one end of the American world, summer blooms at the other. No season is ever absent from America. The long trail of the sun never quits American soil.

Another function of the proposed institute is to be the custodian of maps and geographical works pertaining to America and published by the American states. The treasures and wonders of America have not been half appraised and described; many of them are not yet known. To say nothing of the almost unexplored tracts and regions of Central and South America, some of them the richest, in many senses, that the world contains, think of what remains to be found, utilized and described within the borders of the northern continent—yes, within some of our oldest states, right at our doors! The geodetic maps of the United States are the finest in the world, but there are not enough of them. There are not enough American writers who take America for their subject—I do not mean the passing kaleidescopic scenes of social life, and the perishing frivolities of fashion, but the real, enduring America; that land, that geographic unit, that home for an ever developing humanity, which wears as a crown the splendid name America. We ought to have a Washington Irving for every mountain range, and every glorious river valley, and every chain of sparkling lakes that dignifies and makes beautiful our native land. We ought all to know its geography by heart.—Copyright, 1928, International Feature Service, Inc.

Today's Events

Tuesday, April 24, 1928.

One hundred and fifty years ago today occurred the historic battle between the American ship, Ranger, and the British ship, Drake.

In three states—Ohio, Pennsylvania and Massachusetts—primaries are being held today for the choice of delegates to the two national conventions.

In Pennsylvania the voters also will name candidates for United States senator for the seat now occupied by David A. Reed, Republican.

Primaries are being held in Alaska today for the election of delegates to represent the voters of that territory in the national conventions.

Republicans of Oklahoma are holding their state convention today to elect four delegates-at-large to the national convention at Kansas City.

Kansas Democrats in convention today will elect twenty delegates to the Houston convention and Nevada Republicans will choose nine delegates to Kansas City.

New York Day by Day.

BY O. O. McINTYRE.

New York, April 24—The American Kennel club, which governs such matters, is about to ban the custom of cutting the ears of dogs. As the owner of a Boston made deaf by the cruelty, they have my heartiest cheers. Two states are also passing laws against the practice.

The only reason for ear-trimming was the foolish assumption it made a dog look smart. New York is the biggest market in the world for dogs. There are in greater Manhattan more than 2,000 dog shops and private kennels where dogs are sold. The annual dog show here brings visitors from Australia, India and other far-away points.

A dog will bring triple the price in New York it will in, say Indianapolis. All this in spite of the restrictions that make New York the most difficult city in which to own a canine. Every dog appearing on streets must have a regulation muzzle, a license, and be leashed. And our speak-easies flourish, ha ha!

A special squad of plain-clothes men is about and in automobiles to look for violators, although laws are so frequently violated hundreds pay a fine weekly. On account of space conditions in apartments the lap and sleeve dogs are in the majority.

The wire-haired fox terrier continues the most popular dog in Manhattan. The white Russian wolf hound is supposed to be the real symbol of great wealth. The German police dog, which became a fad after the war, is no longer such a favorite.

The highest sum paid for a dog in New York is $9,500. A Chow brought this price. The average price of a highly-pedigreed dog of popular breed is $800. There are, statistics report, just three pug dogs left in New York. Asthma wiped them out.

Fifth avenue's only vacant lot in ruins is a tribute to a family's love for its dogs. The lot adjoins the home, and staggering offers for it have had no effect. When the dogs die, the lot will be sold. Several hotels have special menus for dogs brought by patrons. The best hotels permit small dogs in rooms. Also peculiarly enough, it is only in the smartest hotels, you see dogs in the lobbies.

* * *

Style technicians are still squabbling about the vest to be worn with a gentleman's dinner coat. Some say it must be white, and others say black is correct. At one Fifth avenue shop the clerk straddled the issue. "Either is correct," he said. My observation is you see the black vest on Broadway and the white on Park avenue.

* * *

An embarrassing moment was witnessed at a symphony concert the other night when the orchestra seemed to die down to a thin note and a gentleman broke into violent applause, thinging it the end of the piece. More amusing still was when the music went suddenly into a crescendo, to see him pretending to brush something or other off his palms.

* * *

And a friend tells of waiting in a well-appointed drawing-room of a lady he was desirous of impressing. During his wait curiosity impelled him to inspect a vase on a table. He slipped his hand into it, and for some unaccountable reason could not get it out. He heard the lady's steps and, holding the imprisoned hand behind him, met her. When she was so insistent he sit down he had to confess his predicament. The vase was difficulty was removed, but the gentleman has not been around since.

* * *

Three New York newspapers now use the euphemistic expression "passing on" instead of "dying."

* * *

An eating place on Lexington avenue takes in much territory. It is called "The Kentucky Tennessee-Georgia Cafe," and that should go to Alabama.

* * *

Four out-of-town hotel visitors were removed to New York hospitals last week with cracked ribs, as the result of falls in bath tubs. I've frequently warned 'em out in the bruise to keep away from those hellish city contraptions.—Copyright, 1928, by the McNaught Syndicate, Inc.

Twenty Years Ago.

This day was Friday.

Judson Harmon, of Cincinnati, became a candidate for the Democratic nomination for governor.

A movement was on for a traction line from Marion to Upper Sandusky. At this time planning new traction lines was a great industry sport.

A further appropriation of $25,000 for the new post-office building, Congressman Grant E. Mouser wired the Star, was secured.

Hundreds were killed in a tornado which swept through Texas, Louisiana, Alabama, Mississippi and Tennessee. Five hundred were injured.

The American liner, St. Paul, ran down a British cruiser, Gladiator, in the Solent off the Isle of Wight. The St. Paul was badly damaged, being kept afloat only by her watertight compartments. The Gladiator was beached. Twenty of her crew were reported lost and many injured.

A daughter was born to Mr. and Mrs. Charles Blair, of Avondale street.

Dr. A. M. Crane was quite badly hurt when he fell from a ladder, at his property on East Center street, a distance of about fifteen feet, landing on his head and shoulders. The ladder slipped when he was at the top of it.

R. S. Quigley, superintendent of the Harding Valley, was granted an extended leave of absence owing to his serious illness. He planned to leave Marion shortly to visit in Portland, Oregon, and recuperate.

Mr. and Mrs. J. A. Schroeter returned from a trip of three weeks to Atlantic City, Philadelphia and New York City.

Marion, Wilmot pitching, defeated Mansfield, with Edfelt and Rich in the box, 10 to two.

Mrs. Sidney E. Young was hostess to the Twigs at her home on south Prospect street. Mrs. Victor E. Dombaugh was the honor bridge player. Guests outside the club membership were Mrs. C. C. Stoltz, Mrs. F. E. Gall, Mrs. Charles Anderson, Mrs. J. T. Marsh and Mrs. George B. Christian, Jr.

Marion steam shovels broke all records excavating on the Panama canal.

Patents were allowed to T. D. Uhler, Marion, on an ice-cleat for traction wheels; to J. W. Ward, of LaRue, on a device for attaching shafts, and to A. White, assignor to assignment to A. F. McNeal, on a feed-water purifier.

Notes from Abroad.

In one week recently Bengal reported fewer than 2,139 deaths from cholera.

Europe's first regular telegraphic news service has been opened between Berlin and Vienna.

A recent witness in an English court said he was the father of thirty children, of whom twenty-nine were girls.

Mme. Nina Grieg, widow of the eminent Norwegian composer, Edward Grieg, has many sealed packets of her husband's and her own letters to the public library of Bergen. They are not to be opened until after her death.

A special clinic for curing naughty children be established in London. To this clinic incorrigible youngsters, whose anti-social tendencies baffle their parents and school teachers, will be taken for medical and psychological treatment at the hands of experts.

When Pain Comes

Two hours after eating

What many people call indigestion is often means excess acid in the stomach. The stomach nerves have been overstimulated, and food sours. The corrective is an alkali, which neutralizes acids instantly. And the best alkali known to medical science is Phillips' Milk of Magnesia. It has remained the standard with physicians for 50 years since its invention.

One spoonful of this harmless, tasteless alkali in water will neutralize instantly many times as much acid, and the symptoms disappear at once. You will never use crude methods when once you learn the efficiency of this. Go get a small bottle to try.

Be sure to get the genuine Phillips' Milk of Magnesia prescribed by physicians for 50 years in correcting excess acids. 25c and 50c a bottle—any drug store.

"Milk of Magnesia" has been the U. S. Registered Trade Mark of The Charles H. Phillips Chemical Company and its predecessor Charles H. Phillips since 1875.—Adv.

DAMAGE CLAIMS ARE FILED WITH COUNCIL

City Trucks Involved in Accidents Reported at Meeting

Two claims for damages resulting from accidents in which trucks of the city service department were involved, were presented by City Solicitor George Geran at the meeting of City Council last night.

Charles Yeitner, who received cuts about the face when he was struck by a city trailer on W. Center-st, Feb. 6, asks $133, which he said included a $28 doctor bill, $9 for a pair of new glasses and the loss of 30 days work at $3 a day.

Yeitner was walking along the side of the street when a city tractor, behind which was hitched two trailers, passed him. It is reported that after allowing the tractor and one trailer to pass, he stepped back into the street without noticing the second trailer and was struck by a corner of the trailer box. Council took no action on the claim.

Bish Files Claim

C. L. Bish, living west of the city, presented a claim for $11.55 for damages to his car which resulted, he charges, from being struck by a service truck on Bennett-st on April 7. Bish says he was struck by the city truck when he turned out to go around a truck parked along the curb. Drivers of the truck claim the truck was standing still and the Bish car ran into them. No action was taken by council pending further investigation.

The city solicitor also reported that a fire truck while enroute to a fire on Davids-st, in attempting to pass between an interurban street car and a truck belonging to Abe Schoen, which was parked along the curb, struck the truck and damaged it to the extent of about $30. He was authorized to take the matter up with Schoen.

LOCAL SCHOOLS PLAN ARBOR DAY PROGRAM

Will Join Statewide Observance Set for April 27

Co-operating with the state department of agriculture and the Ohio State university extension department, schools of Marion will arrange for special observance of Arbor and Bird Day, April 27. Material on Arbor Day, regarding landscaping, reforestation and bird culture, as well as material on Forest week, also observed in Ohio April 22 to 28, has been distributed to teachers throughout the local schools. Each teacher will have charge of Arbor Day and Forest Week Observance in her own department.

Safety Week, being sponsored at the present time by the State Automobile Association, will also be observed in local schools, material on the week's observance having been forwarded to all local teachers.

FUNERAL RITES

Services To Be Held Wednesday for Mrs. Jacob K. Creasap

Funeral services for Mrs. Christian F. Creasap, 70, wife of Jacob K. Creasap and a former Marion resident, will be held at 10:30 o'clock Wednesday morning at St. Mark's Evangelical Church, Fifth and Dennison-avs, Columbus. The body will be brought here for burial in Marion Cemetery about 2 o'clock.

Mrs. Creasap died Sunday at her home, 148 S. Eureka-av, of heart disease. She was a member of St. Mark's Church. Surviving with her husband are three daughters, Mrs. C. W. Burley, Rochester, Mrs. J. S. Chandler, Detroit, and Miss Alveda Creasap, at home, a son, Chester J. Creasap, Columbus, four sisters and five brothers.

Ohio Village Wants to be Known as 'Lindbergh, Ohio'

GREENVILLE, April 24—"Lindbergh, Ohio" will probably be the Buckeye State's latest incorporated community.

About 30 citizens of Union City, Ohio, on the Indiana-Ohio line, have filed a petition in Common Pleas Court here asking that the name of the village be changed to Lindbergh.

The community is split by the state boundary line and there is thus a Union City, Ohio, and Union City, Ind., though the postoffice is on the Indiana side.

The proposal is to be advertised in the Union City, Ohio, weekly newspaper and a Judge George Crawford will decide the matter at a hearing later. Countless names have been mailed "Charles Lindbergh, Ohio" in the last year, but it is believed to be the first instance in which a whole community has decided to thus honor the famous colonel.

LOGAN CAS HEARING IS SET FOR FRIDAY

Mouser Scores Company for Failure To Proceed with Case Yesterday

Hearing of the Logan Gas Co. rate case, in which Marion and a number of other cities are protesting natural rate increases, has been set for Friday by the State Utilities Commission. It was announced at the commission office today. The hearing, originally set for yesterday, was postponed through a misunderstanding regarding arrangements according to statements of the commission members.

The cities have rested their side of the case and the hearing Friday is expected to wind up the proceedings.

Before the announcement, Assistant Attorney General Grant E. Mouser, Jr., of Marion, on behalf of the protesting communities, moved the complaint be dismissed for failure to proceed with the hearing yesterday, as originally scheduled.

James W. Huffman, chairman of the commission, then said that he thought the commission, or at least some of its employes, was to blame in part for the lack of preparation by counsel for the company to proceed with the hearing. Huffman stated that he had learned that notice of yesterday hearing had not been duly sent out from the commission's office and that counsel for the company had through mistake placed the hearing on its calendar for next Friday.

Huffman promised that proper notices of next Friday's hearing would be issued from the commission's offices to all concerned.

Never An Iron On My Hair

Wherever my theatrical engagements happen to take me I could have a marcel, but I never do. I prefer my own method—waving my hair with my Wave and Sheen.

I always keep my hair clean by shampooing once a week. I apply Wave and Sheen with a comb. You can use a brush, or just your hands.

I dampen the hair with it—insert combs in the direction I wish the waves, tie a veil over my hair and keep it on for about an hour. Some types of hair require more time, some less.

The result is a soft, lovely, undulating wave. Most people in my audiences think I have it marcelled. Many ask whether it is a natural wave. It is not.

You can have this same sheen no matter what method you use to wave your hair. Get a bottle at any toilet counter for 75 cents. One trial will convince you as it has thousands of others.

If you can't decide whether you like blondes or brunettes best, here's a bit of evidence that'll help you make up your mind. Artists love to paint her blonde beauty and theater-goers rave over it. She's Elsa Cover, of 650 West 173rd St., New York City.

"When people tell me how much they admire my hair," she says, "I'm always happy to tell them what I do to keep it soft and gleamy. It's really no trouble. All I do is put a few dashes of Danderine on my brush each time I use it. That's the way nearly every really smart girl I know is doing hers. My hair doesn't need shampooing more than once a month, now. My scalp feels better than it ever has felt. It has gotten rid of all my dandruff, and it makes my hair easy to dress and holds it in position."

Danderine is not oily. It removes the oily film from each strand and restores the natural color and lustre. It dissolves the dandruff, cleanses and invigorates the scalp. It is delightfully fragranced. The big bottles are just 35c at all drug stores. Smooth, gleaming healthy hair for a few cents.—Adv.

GUARD MEMBERS TO BE LEGION GUESTS

Bird-McGinnis Post Plans Program for Infantry Detachment

Officers and members of the 10th Infantry detachment on guard duty at the Harding Memorial tomb, who are scheduled to terminate their service here May 1, will be guests of Bird-McGinnis Post, No. 162, of the American Legion, at its regular meeting tonight.

As the Legion Dugout on S. High-st is being used today as a precinct voting place, the meeting will be held at the Parish House of St. Paul's Episcopal Church.

A special feature of the program will be the showing of motion pictures, depicting activities and service of the infantry detachment from the time of its arrival here up to the present time. The pictures are to be shown by Adam Bauer.

Lunch will follow the program.

CHAPTER 31

T ...ot continued his story ... coming sheriff:

... waited for another hour to ... heard them both ... down to where I met him ... through my gate. Well, ... not there trembling ... me ... knew he had a gun on his ... I didn't bother about that. I ... could kill him twice while he ... sing for it and I didn't even ... pull my own gun and get ... him because I'd changed my ... about that man. I was going to ... something worse than kill him in ... cruse program."

"... you goin' to do, Bob?" ... inquired, profoundly ... "Make him marry Kelsey af- ... I divorced you?"

"I planned to tie him up to a ... sycamore and wear out my ... on him unless he agreed to leave ... country. So I told him what was ... mind and asked him which he'd ... He said he'd like mighty well ... on to his good job with the ... people and obey my former ... orders, if so be I'd give him an ... chance.

"No, I replied, 'you thought I was ... when I spoke to you like a gen- ... the first time. You thought I ... weaker than I didn't kill you in ... of warning you the second time, ... you think I'm a plumb weakling ... cause I didn't keep my promise and ... "They brought this horse a few but ... they never brought ... I ... the six empty shells from a ... pistol. They kept that gun and ... a lawyer named Kelsey said ... it at the time they said they hadn't ... any loaded pistol or empty shells.

"The storekeeper at Jed had heard ... was Grant Barlow ... so I got the ... idea for planting an innocent man ... a cold house. Kelsey was the client ... and you had a heart to ... with unbreakable law of ... so ... after court was in ... and the board foot ... but you didn't seem anything ... That ... lawyer ... and ... that she was my wife, and naturally ... should try to protect her own reputation ... by protecting me. . . . Well, here I ... am."

The sheriff shook his head with a ... gesture of impotence. "I wish I hadn't ... run into you, Bob." He helped himself ... to another peg of ... whisky ... and gave Bob Mason one. "Hye ... Jesse Jethroe and the deputy sheriff ... found that pistol and the six empty ... shells."

"I don't know. I'm afraid to think. ... Remember, Kelsey testified she ... heard the shooting. My lawyer asked her if ... she had got suspicious and gone down ... to the gate to investigate, found the ... posted and empty shells and removed ... them. But the city lawyer objected, ... said the question was designed to ... besmirch the character of the witness. ... He wanted to know what my lawyer ... was trying to prove.

"Well, I hadn't any idea my lawyer ... was going to pop that one at Kelsey, ... either, although of course I'd told him ... all about the trouble I'd had. A man ... has to come clean with his lawyer be- ... cause I wasn't wishful to go to San ... Quentin, but I didn't aim to smear my ... wife just to keep out of jail, so I objected to the question too."

"Yes, I was there and I remember ... that. More of your infernal foolish- ... ness."

"The Masons don't throw mud at ... their women, Sheriff."

"She was plastered already and an- ... other dab wouldn't have hurt her any." ... The sheriff was an extremely practical ... man.

"There's a heap of difference between ... suspicion and proof."

"Bah! That woman o' yours had the ... heart of a polecat."

"Nevertheless," she was my wife, and ... I'd rather rot in hell than throw mud ... at her. I had proof that she'd been in- ... discreet and foolish, but no proof that ... she'd been unfaithful. She was young ... and foolish, and it was lonely in Honey ... Valley. Folks do foolish things with- ... out meaning to be wicked, Sheriff."

"How about that telephone conversa- ... tion you listened in on? Wasn't that ... compromisin' enough? You never said ... anything about that at the trial."

"No, I didn't. It wouldn't have re- ... flected any credit on me, spying on my ... wife. I spied for her protection as ... much as my own. In general I hate ... spying. It isn't a man's game. And ... that conversation wasn't compromising. ... Kelsey just asked him up to talk things ... over. She told him I was on the war ... path and she wanted him, to be careful ... and give me grounds for suspicion.

"She also told him I'd made her a ... proposition and she wanted to discuss ... it with him. If he wanted her to ac- ... cept, well and good. If not, then ... they'd better not see each other any ... more. She told him I'd gone up to ... Modoc to buy some feeder steers, and it ... would be safe for him to come up just ... this once."

"She was a mighty poor judge of ... safety, that's all I got to say, Bob. I ... remember, while the lawyers were argu- ... ing about whether that question ... should be allowed or not, your lovin' ... wife took occasion to have hiel-sterics ... and had to be removed to the judge's ... chambers to compose herself.

"It's been my experience that women ... like her always take refuge in hiel- ... sterics when the goin' gets slippery for ... them. And I recall right well how ... white she got and what a wild look ... come in her eyes when your lawyer ... asked her that leadin' question."

"Naturally. Any woman would ... have felt outraged and insulted at a ... question like that. She'd done her best ... for me hadn't she? She testified she'd ... heard the shooting."

"Humph! Now that you remind ... me of it, I remember Lavin' a feelin' ... at the time that she was more frighte- ... ned than insulted. You sister-in-law ... would always tell what she was ... thinkin' about before she opened ... her mouth.

"I'll bet a new hat that deep down ... in that old-fashioned gizzard o' yours ... you know she'd gathered up that pistol ... and those six empty shells; that she ... was wonderin', when your lawyer ... asked her about it on mere suspicion, ... if somebody had seen her do it, and ... if she lied and said she hadn't, would ... that somebody prove her a liar."

"I don't agree with you, Sheriff." ... Mason's voice lacked conviction, how- ... ever.

"You lie like hell. You do!" Uncle ... Charley Canfield, quietly listening to ... the conversation, had decided to take ... a hand. "She loved that feller an' she ... hated you for blockin' her aspirations. ... Huh! Women! I know 'em. I ... oughter. I had one once! She was the ... livin' image o' Kelsey Mason.

"Sheriff, I'm tellin' you! There ain't ... nothing one o' them soft-faced, sad- ... eyed, poutin', plausible little women ... won't do. They're that conceited they ... never give a man credit for brains ... enough to haul guts to a bear! They're ... wilful an' selfish an' they just nachelly ... got to spark anythin' in pants that ... comes near 'em, an' when they get one ... o' these fly city chaps that gives 'em ... a little soft soap they get all het up ... with romance an' a yearnin' for liberty. ... They never do nothin' for their keep. ... They're like a moth that ain't happy ... until he can git to buzzin' around a ... candle flame an' git burnt up. An' ... when they git mad—when they git ... jealous—when they git revengeful, I'm ... here to tell you there ain't nothin' ... they won't pull on a feller."

A Story of Boyhood Adventure

BY JUDD M. LEWIS

Today was Tuesday and ... day. I felt kinda sorry for ... who this morning had to wash ... She made us ... how that ... planted some ... bother them, and she washed up ... by the back fence ... raked it smooth ... planted some ... came back to the corner of the ... where the ... water, and the hose was all ... a little ways behind her and she stepped over the ... and turned it on as far as it would go. Of the hose began to straighten out from the pressure of the water, and we all had to dodge. Then the hose turned around enough so that the stream hit her where she was bent in the middle to stoop over, and I guess ... pretty cold too, for she gave a screech and leaped straight up in the air and came down facing the other way, thinking some of us had shot her. When she got turned around the stream of water hit her again and she was spluttering. Just then the teacher looked out of the window and saw that Mush's wife was all wet and asked her which of us done that. Mush's wife had to tell the teacher that we done it her own fool self, and that made the teacher laugh, and Mush's wife laughed, and then when we saw it would be safe we all laughed till our sides ached, so had somewhere.

When we had got to school and were stuttering our lessons the Last Bag of Tripe had some of the sassafras we had dug Sunday in his pocket and he was breaking off little pieces and sneaking them into his mouth and he was getting so careless that I wasn't expecting when the teacher called to him to come and bring her what he had in his pocket and he went up and put a little bunch of sassafras on her desk, and she made him stand in the corner. And pretty soon the Last Bag broke a little piece off and chewed it, and then pretty soon another, and before so very long she was nibbling on it all the time, and we had stopped watching her, and all at once she got up so sudden that her chair tipped over and she went for the door kinda gulping like she was trying to swallow her stomach. She was gone a long time, and was kinda pinish when she came back. And at recess she asked the Last Bag of Tripe if he was sure that was sassafras, and he said it wasn't. He said sometimes some skunk cabbage root get in, but he never et any of that because he could tell which was which by the taste. And he looked so innocent that she couldn't do anything to him. I was glad to get out of school and get away from him and associate with Jubilee.

A Sequel to "Revelations of a Wife"

BY ADELE GARRISON

Two Fair Conspirators Play a Trick

MY LITTLE maid's face darkened with disappointment as I told her I could not spare her to go to the movies, and her lips began to tremble. Lillian averted a burst of tears in time.

"It's because I need you to do some detective work for me, Katie,' she said, carefully and tactfully eliminating me from the investigation of Jim's errand from Dicky which we suspected.

Jim's temperamental little wife winked back her tears and her face beamed. No movie in the world had a chance against that "allure" with my little maid.

"Sure! I do anything you want," she said, and Lillian lowered her voice impressively.

"It's like this, Katie," she said. "You know that Mr. Graham knows that red-headed man in the shack."

Katie tossed her head.

"Who tell Meesis Graham dot first?" she demanded with unconscious impudence, for which just now we were in no position to reprove her.

"But I am sure Mr. Graham does not know the real character of the man," Lillian went on smoothly, "and as I have just received some information concerning them, there is something I must ask you to find out. You understand, do you not, that ordinarily, I would not ask you to watch your husband, when he is doing anything for Mr. Graham, but tonight it is absolutely necessary that I find out whether Mr. Graham has sent a message to the red-bearded man by Jim."

"Don't get anything dot Jeem mixed oop in," Katie asserted with a tinge of good-natured contempt for her husband's mentality which made my hands twitch to shake her. "I find out our queer as leetle sheep shake how tail."

Out of the corner of her eye Lillian flashed me an appreciative recognition of Katie's never-failing smile. Then she looked at the girl squarely.

"Here is the thing I wish to know," she said slowly and distinctly. "Tonight Jim came back from the ranch and drove directly up the hill."

"I know." Katie toss'd her head. "Sneech a fool ting to do. I watch heem, and I see you go after heem."

"I thought he might have a message from Mr. Graham to the red-bearded man," Lillian went on, "but if he did, we gave him no opportunity to deliver it. Now if he goes out can you follow him and find out just what he does? Remember, I do not want to see the note or have you listen to the message if it is not written. I just want to be sure whether or not Jim talks to the red-bearded man or his comrade tonight."

Katie folded her arms truculently.

"Dot Jeem no get out of dees house tonight mitout me knowing eet," she declared, and Lillian smothered a laugh in a cough.

"All right, Katie," she said, "but do not let Jim know you have followed him. Another thing, I have cautioned Jim about bolting all the doors and windows tonight, and he is getting a friend of his to sleep here while Mr. Graham is gone. So when you go out after Jim be sure to lock the door after you and take the key with you. If you find that door bolted when you come back, come around to the side veranda door. I'll be watching there and slip you in. You understand everything don't you?"

"Oh, sure, I feex. Don't you worry your head, Meesis Underwood," she said grandly, and Lillian and I went on into the library, waiting only until we could lock the door behind us to let loose the laughter which we had stored up in our risibles while Katie was inflicting her movie-fed ego.

"It's rather a low-down trick to play on the Dicky-bird," Lillian said when we had returned to sober consideration of the problem before us, "but I'd stake my life that one of those men in that shack is a devil. Your darling husband isn't exactly a fool so he must know the same thing. He probably has some good reason for consorting with one of them, but it isn't exactly clubby to keep us in the dark about it. But there's nothing more you can do, so if you feel inclined to play around with that code, go to it. I'll stay down here and let you know any developments in the direction of Jim."

Myrna Loy, Warner Bros. Star, and the luxurious bathroom designed for her rare, auburn-haired beauty!

"THE MOST APPEALING CHARM of all is a lovely, smooth skin. A screen star's must be the genuine article to triumph in the searching close-ups. Only the slightest make-up can get by those lights—the skin must be smooth."

Howard Bretherton, Director for WARNER BROS.

¶ Nine out of ten screen stars use Lux Toilet Soap! ¶ It cares for their skin the true French way. The great film companies have made it the official soap in their studio dressing rooms. ¶ Enjoy—even in hard water—the instant lather you loved in French soaps but until now could only get at 50¢ or $1.00 a cake—now it's just TEN CENTS!

Lux Toilet Soap certainly leaves my skin beautifully smooth—I think it's wonderful.

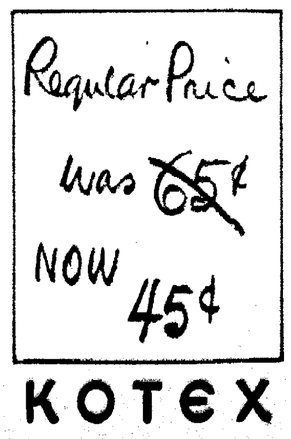
Fastidious Women Approve

The appearance and comfort advantages of the New Kotex

BECAUSE corners are now gently tapered and rounded, the New Kotex may be worn without in any way altering slim, modish lines. Thousands of fastidious women are writing in praise of this cleverly wrought change, which affects not only appearance but peace-of-mind.

Naturally, the new cut-to-fit shape is much more snug and comfortable; and the gauze is softer, the filler even fluffier than before. Chafing and irritation are avoided.



Women physicians and nurses, who supervised these changes, are enthusiastic in their endorsement.

Absorbency, protection, disposability are identically the same. The same effective area is retained. And appearance is considered, for the first time in a sanitary napkin.

Greater demand has doubled production, so the regular price has been greatly reduced—permanently. Buy a box of Improved Kotex today, at any drug or dry goods store.

Discarded Players Give Browns Victory Over Cleveland

THREE ERRORS HELP REDLEGS WIN CLOSE BATTLE WITH CARDS

Waner Brothers Contribute Five Hits To Defeat Chicago Cubs

New York, April 24—Dan Howley's genial pals of the St. Louis Browns, one of those gents who can't find the directions of a poker draw and can't hum off a winning lay-out. No less than six of the local St. Louis players who helped Cleveland a 4 to 2 trimming yesterday were discarded by other major league clubs. They are McNeeley, O'Rourke, Manush, Blue, Schang and Gray.

Supported by Kress and Brannon, the rookie Keystone combination, and Sewell, a second year man, these veterans are keeping the Browns in the race. Gray, who once won something like 10 straight games for Connie Mack already has turned in three victories this season.

Ownie Carroll, Detroit's ex college man, gained a 3 to 0 decision in a mound duel with Connally of the White Sox. Cissell, Chicago's $135,000 shortstop, contributed a 10 cent wild throw which staked the Tigers to two runs.

The western clubs in the national loop appear to be evenly matched at the present moment. Pittsburgh swamped the Cubs yesterday, 6 to 0, and the Reds shaded the Cardinals, 3 to 2. Ray Kremer, Pirate hurling ace, held the Cubs to three hits and won with the aid of five hits by the Waner brothers.

Three St. Louis errors helped the Reds score all their runs in the third.

Ty And Babe In Slump?

BABE RUTH

TY COBB

"Ty Cobb is through!" "Babe Ruth has missed his stride!"

These are the "take-'em-as-you-find-'em" whisperings that float through the side exits of American League fandom.

The old master known as the "Georgia Peach" is not showing the goods, say the wiseacres who annually keep their ears to the ground to come up with the same old dope.

This in spite of Connie Mack's yearly pay check, amounting to $30,000, that meets the grasp of Cobb for his hickory slams and fast fielding. In spite of age Ty is not slow.

When he stole second in an exhibition game with the Newark Bears of the International League, the thousands of fans stood to cheer the feat. Every time Cobb came to bat he was given a hand that meant more than warm friendship.

It was a ball crowd's admiration of a diamond star who still holds his own with the youngsters. His eye is not yet dimmed and his leg muscles not bound.

As the season advances the American League veteran will undoubtedly prove that these early season rumors were pulled out of thin air and pipe-dream smoke.

Miller Huggins, so 'tis said, was the authority for the statement that the "Babe" was "no longer himself."

This dope originated during the Spring training camp season in St. Petersburg, Fla.

Be that as it may, we hasten to state that March observations of baseball form are as safe as Swedish matches in a pig-iron furnace.

The "unmistakable signs" that the great Monarch of Swat is slipping are not apparent to this earnest follower of the national pastime.

Certainly two games are not enough to make a 1928 prognostication what Babe Ruth will do in fielding and batting.

Bunk—pure, simple and unadulterated, is our own conclusion as to these April Fool rumors consigning Connie Mack's high-priced outfielder and New York's popular "Babe" to the scrap heap.

Watch 'em go! That's the dope.

HOPPE LEADING

"Old Master" Wins Second Block from Champion

Chicago, April 24—Willie Hoppe of New York, who lost the deciding match of the recent national three-cushion billiard championship tourney to Johnny Layton of St. Louis, today was leading Layton, 100 to 92, in their 600-point exhibition match.

The new champion won the first block, 5 0to 41, in 38 innings, each player having a high run of five. The "old master" turned the tables in the second block, winning 50 to 42.

Remaining blocks of the exhibition match will be played during the afternoons and evenings of this week.

LATZO SLOW

New York, April 24—Although Pete Latzo, former welterweight champion, made a successful debut in the light heavyweight division by outpointing Tony Marullo of New Orleans in a 10 round bout here last night, he appeared too slow to have a chance against Champion Tommy Loughran. The former Scranton, Pa., miner had Marullo groggy but could not put the veteran away.

INDIAN TRAINS

Chicago, April 24—Tiny Roebuck former Haskell Indian football star, was due in Chicago from Kansas City today to complete training for his 10-round bout against Otto Von Porat, the Norwegian heavyweight, at the Coliseum Monday night.

SHARKEY FAVORED

New York, April 24—Jack Sharkey, Boston heavyweight, is a 7 to 5 favorite to defeat Jack Delaney, former light heavyweight champion in their 15-round bout here next Monday.

LAST NIGHT'S FIGHTS

At New York—Pete Latzo of Scranton, Pa., former welterweight champion won decision over Tony Marullo, New Orleans (10).

At San Francisco—Mike McTigue, former light heavyweight champion drew with Armand Emmanuel, San Francisco (10).

At New London, Conn.—Bobby Mac, New Jersey lightweight outpointed Benny Valgor, New York (10).

At Buffalo, N. Y.—Jimmy Slattery, Buffalo light [illegible] was given decision over Billy Voelpel, Bayonne, N. J. (10).

At Baltimore—George Levine, New York, outpointed [illegible] Bey, Baltimore welterweight (12).

Johnny Habe, Oil City, outpointed Delmonte, Erie, Pa. (4).

At Lancaster, Pa.—Jack Portney, Baltimore, outpointed Joey Williams, Philadelphia (8).

Rosey Stoltz, Lancaster, won from Midget Fox, Conshohocken, Pa. (8).

Battling Brown, Marietta, stopped Joe Borrell, Philadelphia (4).

TITLE HOLDERS ARE ENTERED IN RELAYS

Broad Jump Champs of East and South To Take Part

Philadelphia, April 24—The champion and southern intercollegiate broad jump champions, both record holders in their sections, will be among the 33 contestants in their favorite event in the thirty-fourth annual University of Pennsylvania Relay Carnival.

Alfred Bates, of Penn State, the eastern titleholder, and Edward Hamm, who wears the diadem below the Mason-Dixon line, will do their jumping on Saturday afternoon. Last year Hamm surprised everyone by outjumping the veteran Bates to win the event with a leap of 23 feet 7 1-2 inches.

With the exception of DeHart Hubbard, Bates and Hamm stand out as the best broad jumpers in the country. The latter in addition to winning the southern title last year, also annexed the National collegiate championship, doing 24 feet one inch.

Both Bates and Hamm are expected to be members of the United States Olympic team along with the first four men to finish in the decathlon tryout, one of the features of the relay carnival. A great many of the events on the gigantic two day program are standard Olympic events including the 400 meter hurdles and the 3000 meter steeplechase, the latter a new event on the program.

Union, Maryland Columbia, Cornell, Savage Normal, Bates, Kansas, Georgetown, Ohio State, Haverford, Georgia Tech, Army, Haskell, Pennsylvania, New York University, Pittsburgh, Penn State and Marshall College all have entrants in the broad jump.

LIFTS BAN

Maryland Will Permit Sinclair To Race Horse in State

Baltimore, April 24—Maryland's race tracks are again open today to horses that race in the silks of Harry F. Sinclair.

The State Racing Commission lifted the ban on Sinclair as a result of the acquittal of the oil man in his conspiracy trial at Washington Saturday.

Whether Sinclair will race his horses in Maryland again is not known here.

[illegible] April 24—Among those [illegible] to be indulging in the quiet [illegible] Lobby of biting off more [illegible] can masticate at popular [illegible] Walter Hagen, the well and [illegible]ssed golfer. Hagen today is [illegible] Aquitania some distance off [illegible] of England. He probably [illegible] to land at Southampton [illegible] morrow morning and arrive in [illegible]g tomorrow night. Thirty-[illegible]s later he will be playing his [illegible] match with Archie Compston [illegible] professional championship of [illegible]ld, which is drawing the de- [illegible] a bit fine even for a man who [illegible] bother about a passport until [illegible]ated in New York the day the [illegible]nia sailed.

[illegible]s statement, of course, does Ha- [illegible] injustice. Somebody else bothered about it when the time came.

Will Ask Postponement

[illegible]th the same insouciance, it may [illegible]bar Hagen will ask for a postponement of the Compston match upon his arrival, possibly explaining to the [illegible]ent British that he forgot to have [illegible] of the under-secretaries remind him [illegible] the engagement. It looks like a [illegible] spot for the British to laugh very [illegible]ly in a high falsetto. They probably will be able to recall, without great difficulty, the fact that this is the same Walter Hagen who kept Abe Mitchell waiting querulously on the tee while the American was losing an hour or so going back for another can of Staycomb.

Mitchell was three up at the time and looked the part of the ultimate winner. But he lashed himself into a lather over Hagen's tardiness, proceeded to blow apart in widely varied directions and the British decided that some one had called a third strike on them while they were out of the batter's box, dusting their hands. After deliberating the matter for three days, this suspicion became an absolute certainty and Hagen was invited to consider himself no gentleman until further notice.

Don't Like Him

Yes, the Compston match looks like the spot for the British to break right down and laugh. The fact of the matter is that they never have got around to the matter of liking Hagen and many of them have been known to admit that they never really have gone so far as to try.

Compston has been playing steadily and is supposed to be "hot." Hagen, having indulged in no tournament golf this winter, is just finishing [illegible] made trip by land and water to the eve of the match. If the [illegible] bear him under these [illegible] there will be nothing for them [illegible] admit that it just isn't in [illegible]

Two Kenton Women Seriously Injured in Gasoline Blast

ARE HONORED AT ANNIVERSARY EVENT

Family Gathering Held for Mr. and Mrs. Geo. Landon, Wed 50 Years

Married in Rockville, Meigs county, April 22, 50 years ago, Mr. and Mrs. George Landon celebrated their golden wedding anniversary Sunday at their home, 500 S. Main-st. Mr. Landon is 70 and his wife is 69. They are the parents of 12 children, 10 boys and two girls, all living in Marion County except one, who resides in Michigan.

While Mrs. Landon was out riding Sunday afternoon her children and grandchildren gathered at the home and arranged a picnic supper for the party. The evening was spent with music, including several Hawaiian numbers by three of their sons, George, Jr., Ralph, and Kenneth.

Francis, of Lansing, Mich., Fred, Albert, Cleveland, Howard, Warren, Hosea, George Jr., Ralph, and Kenneth Landon are the sons of the couple, and Mrs. Ira Shrock and Mrs. Clara Hibbitt are their two daughters. All are married, excepting Kenneth, who is living at home.

Mr. and Mrs. Landon are in splendid health and received congratulations and gifts from the children and friends.

HEARINGS HELD IN TWO DIVORCE SUITS

Judge Grants One Decree, Takes Other Case Under Advisement

Two divorce cases were heard by Judge Scofield in Common Pleas Court yesterday. One divorce was granted and the other case was taken under advisement.

Decision in suit Richard Horn, local print shop proprietor, against his wife, Louise Horn, has been reserved by Judge Scofield. The case was contested, Louis E. Myers representing the plaintiff and J. D. Williamson the defendant.

A divorce was granted Iva M. Carter from Pearl Carter. Gross neglect was charged in the petition. The plaintiff was granted custody of a minor child. The defendant was order to pay the plaintiff $10 a month for alimony and support of the child.

Attorney H. E. Hill represented the plaintiff.

Probate Appointments

Minnie B. Tron has been named administratrix of the estate of Jacob Tron and Bert Deyson has been named administrator of the estate of Addie J. Deyson. Both appointments were made by Judge McNeal in Probate Court.

SCOFIELD TO SERVE IN CASE AT KENTON

Marion County Judge Will Preside in Trial Set for Wednesday

Kenton, April 24—Judge George B. Scofield, Marion, will occupy the bench in Hardin County Common Pleas Court, Wednesday, when the case of Catherine Sheldon against Henry J. Pfeiffer and Harry Duckham, partners operating as the Idlewild Amusement Co. is brought to trial.

The Marion judge was asked to preside when the plaintiff objected to Judge Hamilton E. Hoge on the grounds that he was related by marriage to one of the defendants.

Mrs. Sheldon is seeking money under the workmen's compensation law in the death of her husband some years ago. The case was appealed from the State Industrial Commission.

35 From Caledonia Join "Just Kids Club" in Group

RIGHT off the bat [illegible] your "Just Kids Safety [illegible] rolled 35 new members.

Think of it—35, all at one [illegible] And 35 buttons were [illegible] About 5:30 o'clock a young [illegible] came into our office and asked if he could enroll her Caledonia [illegible] as members of your club. The [illegible] part of it all is that we [illegible] busy with the boys and girls [illegible] for their buttons that we neglected getting her name. But just think how your organization is growing!

In fact, it's growing so rapidly that you'd better take a tip from us that if you've sent in your application blank for membership in the "Just Kids Safety Club," and haven't come in for your button, you'd better rush around and find time to come to The Star office with all the speed you can muster.

We are filling our out-of-town applications as soon as they come in, and not nearly all of the in-town kids have come in for their badges. We aren't going to [illegible] waiting order for buttons, and [illegible] haven't many left of the 1,050 that came in today. If you use your [illegible] pictures you're without a [illegible] just because you're off [illegible] for it. If you [illegible] town and [illegible] send you a [illegible] you'll be disappointed when [illegible] don't get it, for if it isn't worth walking up to The Star to get it won't mean much to you.

So, be on your toes and go [illegible] Lord one better in being [illegible] about getting up here and getting your "Just Kids Safety Club" button.

BRAKE TEST WORK MAKING PROGRESS

Is Resumd on Mt. Vernon-av After Temporary Halt Caused by Rain

Rain today temporarily halted the brake-testing campaign being carried on by the Marion Automobile Club on Mt. Vernon-av just east of Vine-st. It was expected, however, to resume the testing this afternoon if the street dried off sufficiently.

A fairly large number of motorists yesterday took advantage of the opportunity to have their brakes tested free of charge. Mrs. D. V. Gallagher, secretary of the club, said this morning. Cars having four-wheel brakes must be brought to a stop within a 22 foot while cars with two-wheel brakes are allowed 37 feet in which to come a complete stop.

All motorists in the city of Marion and immediate surrounding territory were urged by Mrs. Gallagher to bring their car to the chalked off space on Mt. Vernon-av for a brake testing during the week, proclaimed by Mayor Uhler and Governor Donahey as "Better Brakes Week" in the city and over the entire state.

BOY INJURED

Robert Hartle Sustains Broken Bones in Railway Accident

Robert Hartle, 7, son of Mr. and Mrs. T. P. Hartle, 186 S. Clair-st, sustained a fracture of two bones in his left leg, just above the ankle, yesterday afternoon when he was crushed between a handcar and post on the Big Four Railroad siding.

The child, with several companions, had been pushing the handcar and had gone around in front of it when his companions accidentally pushed it into the post, crushing his leg. His condition was given as slightly improved today.

The child is a pupil of the first grade at Glenwood School. He was taken from the scene of the accident to the office of Dr. A. A. Starner, W. Center-st, for examination and from there to his home.

OUST DAUGHERTY AS VALLEY MINE LEADER

Charges of Insubordination and Disloyalty Brought Against Him

Columbus, April 24—Oral Daugherty, militant young Hocking Valley mine leader, today had been ousted from his post as president of the Nelsonville Sub District on charges of insubordination and disloyalty brought against him in a meeting of the district executive board of the United Mine Workers of America here last night.

Robert Bell, vice president of the sub-district, automatically becomes president.

PROSPECT RESIDENTS TO GIVE PLAY HERE

Presentation Scheduled Tonight at First Reformed Church

Arrangements have been completed for presentation of a play, "My Old New Hampshire Home," by members of the Reformed Church at Prospect at 8 o'clock tonight at First Reformed Church. The presentation is to be given under auspices of the Sunday School Classes taught by Mrs. Cecil Gabler and John Hoffman. There will be a small admission charge.

The play is in three acts, the first being laid in New Hampshire, the second in New York and the third again in New Hampshire.

The cast includes B. P. Swaney as Farmer Winthrop; Darus Moyer, Edward Van Dusen, a polished villain; R. L. Albright, Oliver Stanhope, a young blacksmith; Fred Beggerstaff, Zeb Walkins, a country boy; Otto Knickle, Micky Mullins, a traveling tinker; Wilfred Knickle, Moses Gazinski, a Hebrew glazier; Carl Hetzener, Rawlings; Bess Bernice Howison, Mabel Winthrop, a farmer's daughter; Mrs. R. W. Simpson, Tilly; Mrs. C. F. Swaney, Mrs. Winthrop; and Miss Evelyn Filiatrault, Muffins, a young lady with a mind of her own.

AGED WOMAN FOUND DEAD AT PROSPECT

Believe Infirmities of Old Age Caused Death of Mrs. Elizabeth Harkins

Mrs. Elizabeth Boyd Harkins, 73, widow of the late H. H. Harkins, and a life long resident of Marion county, was found dead in bed at her home in Prospect at 10:30 this morning after Mrs. M. H. Davis, a niece, had tried in vain to reach her over the telephone. The cause of death had not been determined at noon today, although it is thought it was due primarily to the infirmities of old age.

Mrs. Harkins lived alone and neighbors said this morning they had seen a light in her home last night and earlier in the evening she had appeared to be in her usual good health. Mrs. Harkins was born near Prospect, Sept., 24, 1855 and was married in March, 1887 to H. H. Harkins who died two years ago. One nephew, Boyd Codding of Detroit and one niece, Mrs. H. W. Davis, of Prospect, survive.

POLICE CONVINCED WAR VET FOUL PLAY VICTIM

Delphos, April 24—Police were convinced today that John Fatke, 35-year-old World War veteran, who has been missing for the last three days, was the victim of foul play.

Fatke's wrecked automobile was found, spotted with blood, five miles east of here, after he had failed to return to his home Saturday night.

COUNCIL RECEIVES ANNEXATION PLAN

Proposal To Take 85 Acres into City Submitted at Meeting

A plan of annexing approximately 85 acres of land in southwest Marion to the city, was presented to city council at the meeting last night. The 85 acres lies just north of Sawyer sanitorium, west of South-We-Go addition north of Oakland Heights.

A blue print showing the lines of the proposed extension was submitted to council by City Engineer Tom Cathers. The plan, which was referred to the ordinance committee for further investigation, appeared to have no opposition, the only information accompanying the plat being the recommendation from the city engineer that the plat was as suggested.

NO CUT IN CIGARET PRICES LIKELY HERE

Drop in Wholesale Cost Not To Affect Retail Market, Dealers Say

Prospects of cheaper cigarets following the announcement that wholesale prices of three leading brands had been cut, went up in smoke today when a survey of the leading Marion tobacco shops revealed that the retail price would not be dropped here.

Carl Werley, of the Marion Tobacco Co., said this morning that since the cut in wholesale prices was only 40 cents a thousand it was not sufficient to justify a drop in retail prices. The margin of profit on a package of cigarets is slight at present, he said, and any reduction in retail prices would necessarily have to be more than the four-fifths of a cent reduction in wholesale prices.

BOARD AUTHORIZES ROAD IMPROVEMENT

Commissioners Grant Petition for Project To Cost $24,000

The Board of County Commissioners, at a hearing held yesterday afternoon, granted the Owens, Maple Grove and Myers-rd improvement. The contract will be let by the commissioners when bids are opened at 1 o'clock on the afternoon of May 21.

The road is to be constructed of rolled macadam and is to be completed by Nov. 1. The estimated cost is $24,000. Branching off the Marion Delaware rd, the proposed road extends three and one-half miles through part of Prospect Township and into Richland Township.

LINDY TO HELP

Probably Will Take Part in Reception to Bremen Fliers

New York, April 24—Charles A. Lindbergh may take part in New York's official reception to the Bremen fliers on their arrival from Greenely Island.

America's premier aviator flew to Curtiss Field from Washington and announced he hoped to greet the German and Irish transatlantic airmen when they land.

"I haven't any plans," he said, "but I'll probably be here to meet them. If developments are such that I have to leave here before they arrive I will catch up with them at some point in the United States during their trip around the country."

The city's official greeting was been postponed from tomorrow to Thursday, which means that the two main events—a parade and dinner—will be held on the same day. All other events will be set back one day.

LAST RITES ARE HELD FOR CLYDE METZKER

Employe of Marion Firm Killed in Accident Is Buried at Kenton

Funeral services were held at Kenton today for Clyde Metzker, 25, employe of the Jay H. Marsh Advertising Co. of this city who died Sunday morning as the result of injuries received in an automobile accident near Luna. Metzker, who had worked for the Marsh company for six months, roomed here at the Harry E. Carr home, 195 S. Prospect-st.

Burial took place in Grove Cemetery, Kenton, this afternoon following funeral services from the parents' home on East Ohio-st. Rev. C. J. Veisley, pastor of the First M. E. Church, of which the deceased was a member, officiated.

Investigation conducted by Sheriff J. W. Cook of Allen County into the circumstances surrounding the fatal accident, was practically concluded last night, according to announcement.

"Further action in the case," the sheriff said, "will depend upon relatives."

Metzker was struck by a machine driven by a Kenton man when he stepped his car and alighted to inspect a rear tire. Pearl R. Lease, 24, of Kenton, was also injured in the mishap sustaining scalp wounds and cuts on the face. He was accompanying Metzker to Lima.

The driver of the car that rammed into the halted machine said that the Metzker car was without a taillight, it was reported. Lease, when questioned by officials, said he did not know whether or not the tail-light was burning.

Metzker is survived by his parents, Mr. and Mrs. B. G. Metzker. He was affiliated with the I. O. O. F. Lodge.

MILLER SPEEDING TO ATLANTA PEN TERM

Former Alien Property Custodian Due at Prison Today

Washington, April 24—Col. Thomas W. Miller, former alien property custodian, ex member of Congress and overseas World War veteran, was speeding to Atlanta today to begin service of an 18 months' sentence in the Federal Penitentiary.

Miller passed through Washington last night and is due at the prison this afternoon.

The former government official stood on the station platform here and chatted with friends.

Miller declined to discuss his conviction except to say that a mandate of the Supreme Court must be obeyed and there was no reason for him to put off the beginning of his sentence to the last minute of grace allowed by law.

Anti-Monopoly Sends Questionnaire To Idaho Senator

Washington, April 24—Senator William E. Borah was put on the receiving end of a questionnaire today.

Borah, who has questionnaire-ed all presidential candidates on their attitude toward the Eighteenth Amendment, was sent an open letter by the Anti-Monopoly League, demanding to know "why you uphold nullification of the Constitution by the president in using marines in Nicaragua without authority of Congress, while opposing nullification of the Eighteenth Amendment."

ONE FUND PROVIDED FOR AUTO RECEIPTS

City Council Adopts New Plan for Gas Tax and License Money

Acting under a recent ruling of the State Bureau of Supervision and Inspection of Public Offices, City Council at its meeting last night provided for reassembling from the various funds into which it had been divided the money to be received from the gasoline tax and automobile license sales, and authorized placing it in one fund to be known as the street repair and maintenance fund.

Under a former ruling, the money was divided into various funds by the finance committee of Council at the time of preparing the annual budget. This, however, has proven unsatisfactory, and a recent ruling provides for its being placed in one general fund.

Council also provided at its meeting last night for publishing of the report of the city sewage treatment works, when permission was granted to Floyd G. Browne, superintendent and chemist at the plant, to spend $150 of the money he has collected from the sale of sludge for the publishing the report.

The building of a sidewalk on the Church-st side of the church of the Brethren at Church-st and Reed-av which was petitioned for by parents of children who use that side of the street on their way to and from school, was assured in a letter received from Rev. Jesse Anglemyer of Williamstown O., head of the board of District Missions, stating that action would be taken at once toward building walk.

CLUB REELECTS OFFICERS AT COMMUNITY MEETING

Mrs. Catherine Dennig Smith was reelected president at the meeting of members of the South Side Community Club Friday afternoon at the Pearl Street School building. Other officers reelected are Mrs. H. K. Sisler, vice president; Mrs. A. W. Tibbals, secretary; Mrs. Fleta H. Haukel, treasurer. During the program hour Mary Katherine Smith and Mary Ernestine Smith entertained with a vocal duet and Mrs. J. T. Barger gave an interesting paper on "Arbor Day." It was voted to sponsor two friendship bags to be sent to the school children in Mexico. A social hour and refreshments were enjoyed following the program.

CONSTIPATION PREYS ON HEALTH
You can overcome it with ALL-BRAN
If you are troubled with constipation, read Mrs. Hogan's letter below. It came to us unsolicited—a message of relief to every sufferer:
February 12, 1927
"I want to tell you how much good your ALL-BRAN has done me. It surely can't be beat for constipation. I have tried every kind of medicine and never in my whole life have been relieved until one of my neighbors told me to try bran. So I bought a box and read about your ALL-BRAN and thought I would see what it would do—and it surely did help me. I will never be without it in the house again."
Mrs. Joseph Hogan,
1215 Clay St., Topeka, Kansas.
Constipation is almost universal. The cause of more than forty diseases. Dizziness, aching backs, circled eyes, bad complexions, are only a few of its symptoms.
Guard against it. Start tomorrow eating Kellogg's ALL-BRAN. Two tablespoonfuls daily—chronic cases, with every meal. Guaranteed. Doctors recommend it.
A healthful cereal. Serve ALL-BRAN with milk or cream—and add fruits or honey. Sprinkle it into soups. Use it in cooking. Sold by all grocers. Served everywhere. Made by Kellogg in Battle Creek.

ARE SHOWERED WITH FLAMES

Victims of Blast Reported To Be Recovering Today at Antonio Hospital

Kenton, April 24—Two women are recovering in Antonio hospital from serious burns received yesterday when gasoline used in cleaning rugs in the basement of the Dyer Funeral home, N. Main-st, exploded, showering them with flaming liquid.

They are Mrs. Finnell and her daughter, Cecil Thompson, 21. The latter was the most seriously injured, being burned over the back, arms and legs. Mrs. Finnell's burns were over the arms and legs.

Little damage was caused to the house by the blast and the resulting blaze.

After extinguishing the flames on their own clothing, Mrs. Finnell rushed to the aid of the maid and although suffering from burns she hurried to the upper room and summoned the fire department.

Use High-Test Gas

The two women had gone to the basement earlier yesterday after to clean curtains and other materials and were using high-test gasoline, it was said. It is believed that the fumes caught from an open gas [illegible] where they were working. The explosion occurred late in the afternoon.

Immediately upon the arrival of the two women were rushed to the Antonio hospital, where attendants reported their condition as being favorable today.

Quick work of firemen prevented the flames from getting beyond the confines of the basement room in which the blast occurred and little loss resulted.

GRANDSON IMPROVING

Upper Sandusky, April 24—Word was received today by Mr. and Mrs. W. W. Sheidliger that their 7-year-old grandson, Jack Ulrich, who was operated on at Mt. Carmel Hospital, Columbus, for appendicitis, is improving satisfactorily. Little Miss Jean Ulrich is ill with measles at the Sheidliger home.

Money Market Uncertainty Affects Stocks

BUYING DEMAND IS CURTAILED

Tobacco Issues Lose More Ground in Bearish Sales Drive

BY W. S. COUSINS
International News Service Financial Editor

New York, April 24—With money market uncertainties overshadowing the financial district, stocks today suffered somewhat curtailed and disappointing reports from important sections of American industry. The stock market could make no real progress today. The tobacco stocks lost another point as the result of continued bearish selling, but the losses were severely punished by the "big four" Rocks and General Motors, the former showing around a five point.

Evidence of the continued tightening of the money market was supplied from various sources today. The call loan rate ruled at 5 per cent, but banks resumed the calling of loans in preparation for month-end requirements and other purposes.

Rise Predicted

Bankers in the financial district confidently predicted a rise in the New York bank rate to 4 1/2 per cent this week, with further selling of government bonds in the open market if that fails to halt the nation-wide speculation that has been sweeping through Wallst and other speculative centers.

Cotton

New York, April 24 — The cotton market opened reactionary today. Initial quotations displayed net losses of six to 10 points. May sold down six points to 20.10; July 19.98, down 10; October 19.77, down 07; December 19.63, down 09; January 19.63, down 06 and March 19.63, down 07.

Coffee Market

New York, April 24—The raw coffee futures market opened steady today. Opening quotations ranged from net unchanged to two points lower. May sold at 14.41, unchanged; July 14.44, down 02; September 14.28, down 02 and December 14.08, down 02.

LOCKHART FAILS TO SET NEW AUTO SPEED MARK

Daytona Beach, Fla., April 24—Frank Lockhart failed early today in his attempt to lower the world's speed record of 207 miles per hour set by Ray Keech in his White Triplex.

Held back yesterday by inclement weather, Lockhart early this morning drove his Stutz Blackhawk down the beach in another test. His highest average was slightly more than 182 miles per hour.

Today in Marion Markets

Groceries, Produce, Meats, Grain, Livestock

An advance of five cents a crate became effective yesterday on local shipping stock. Good quality lettuce is now being offered at 20 cents a pound, the peak price of the season. A scarcity in supply is being given by dealers as the cause for the advance. Some excellent grass stock is appearing on the market. Dealers were carrying a small supply that was selling at 15 cents a pound.

Peas were quoted today at 25 cents a pound, five cents under the price of yesterday. Green and yellow wax beans are holding at 20 cents a pound. Cucumbers were also offering at a better price with a good quality stock being offered at 20 cents, 10 cents under the price of last week. Old potatoes, quoted at 5c cents a peck today, are showing the decline promised by dealers.

Chile Onions Arrive

Chile sweet onions have arrived on the market and were selling in lots at 12 cents a pound. Celery is showing a slight advance, a price of 35 cents a bunch was being quoted for celery and 20 cents for celery hearts. Green onions continue to supply a large demand at 10 cents a bunch.

Strawberries were scarce today. A few being carried by dealers were selling at 40 cents a quart for the better grades. Bananas continue plentiful and were selling at three pounds for 25 cents. A few tangerines were on the market today and were selling slowly at 60 cents a dozen. Oranges continue to supply a large demand at a wide range of prices. TODAY'S REVIEW OF YESTERDAY'S MARKET

Chicago, April 24—Grains, strong early, became feeble later and towards the finish of the session doddered down from the tops. The reverse action in corn was more disappointing than in wheat, according to the Herald and Examiner.

At the end wheat showed an advance of ⅝ to 1c; corn was up ⅜ to ½c; oats were ⅛ to ¼c lower; rye was up 1½ to 2¼c.

Both wheat and corn opened firmly at slightly above the closing prices on Saturday. Neither of them ever broke under the bottom prices of their opening ranges.

Wheat got good support at the start. Weather disagreeableness were busy trying to figure out from the government maps whether there had been a heavy or a light fall of rain in areas of the southwest where moisture has been most needed. The symptoms they discerned on the maps seemed to confirm their preconceived ideas concerning the wheat situation, either bullish or bearish, as the case might be.

Wheat Strong Early

Wheat showed fooled strength at times during the forepart of the trading period. At the top it was up as much as 2⅛ cents. Late in the day, however, the buying fever dropped several degrees, and the market cooled off and sold off.

The visible supply of wheat showed a decrease of 1,531,000 bushels. This was comparable with a decrease for the corresponding day a year ago of 1,053,000 and left the total visible supply at 153,620,000, compared to 41,977,000 at this time a year ago.

In corn a different feature was presented. The visible supply showed a decrease of 2,672,000 bushels, against 3,502,000 last year, leaving the total visible supply at 37,338,000 bushels, compared with 40,171,000 on the corresponding day in 1927.

East Wants Corn

In spite of the weakness in the future market toward the close of the underlying situation appears to be strong. Corn is wanted in the East and is being shipped out by rail. This is taken to mean by some good judges here up buying by a demand that needs corn immediately and cannot wait until the opening of navigation on May 1 for shipment by water.

Whether this is true or not remains to be seen. In the meantime, however, although corn may sell off, it may be advisable to be extremely cautious about taking the bear side of the market.

Rye is the grain that showed outstanding strength yesterday and appears to reflect accurately the shortage of supplies that probably will continue until late in July.

A Board of Trade membership sold at $11,500. This is a new high record price. The previous record was made in 1919 when a membership sold for $11,100.

In the cash market wheat was 1c to 2c higher, corn was unchanged to 1c up, oats were unchanged to 1c up, rye was quiet and barley was steady.

Electrification of parts of the Madagascar Government Railways is to start late this year and be completed in about six years.

CITY BRIEFS

Operation at Hospital—Miss Helen Shirk of Marysville, Route No. 1, underwent an operation for appendicitis this morning at City Hospital.

Permits Issued—Building permits were issued from the office of the city clerk yesterday afternoon to J. C. Baird, 769 Merkel-av, who will build a garage to cost $80, to J. M. Eikenbary, 1085 E. Church-st, who will enclose a porch at a cost of $25 and to May Belle Brown, 349 O.L.S. for a garage to cost $75.

Elected to Vestry—C. C. Fisher, local attorney was elected to the vestry of St. Pauls Episcopal Church at a meeting of members of that organization last night at the parish house at the rear of the church. He will succeed Lowell Gaffney, whose resignation was recently received.

On College Programs — "Smilin' Through," the three-act play being presented by seniors of Harding High School at the Grand Theater Wednesday, May 23, is also to be given in two nearby colleges. The presentation will be given at Wooster College May 12 and at Ohio Wesleyan University, Delaware, May 3. It was also given at Denison University, Granville, several weeks ago, when several members of the local cast attended.

Girl Edits Paper—Miss Jane Guthery, Harding High School junior, is editing the Quiver Junior school publication this week, the issue to appear Friday. Miss Guthery is completing with James Shipley, and John Woodell, two other juniors, for editorship of the school paper and Quiver annual yearbook, as seniors next year. Shipley's issue will appear a week from Friday and Woodell's on Friday, May 11.

Boy Taken Home—Clifford Strine, son of Mr. and Mrs. Harry Strine, was removed from the car, E. C. Smith, Chile, E. Church-st, to his home east of Waldo Sunday on the Schaffner-Queen interurban car. The boy was injured recently when he was struck on the head by a flag pole which fell while he and several companions were playing on the grounds of the Waldo School.

Get Life Certificates—Miss Mildred Breese, 245 Hane-av, and Miss Estella Myers, 614 Mt. Vernon-av, teachers, have been granted state life certificates by the State [illegible] Examiners. Both Miss Breese and Miss Myers are graduates of Harding High School, of Marion County Normal School and of Ohio Wesleyan University, Ada. The former is teaching in Marion Public Schools for three years. Miss Breese is now teaching at the Pearl Street Building and Miss Myers at the [illegible] Street.

Going to Mansfield—A number of local Episcopalians, including Rev. S. S. Hardy, rector of St. Paul's Episcopal Church, will be in attendance at the regional meeting of the Diocese of Ohio of the Episcopal Church Friday night at Mansfield. Others who have signified their intention of attending are Mr. and Mrs. George Frank, Mr. and Mrs. J. F. Donbaugh, Mrs. J. A. Burgin, W. C. Beatty, and H. J. Cockfield.

IS IMPROVED

Mt. Victory April 24—Jesse Creamer, 58, who was seriously injured when a barrack overturned in a wind storm, April 11, is reported to be improved.

PLANS FOR PAVING PROJECT BLOCKED

Remonstrance Filed with Council Against Homer-st Improvement

Legislation for the paving of Homer-st from Center to Churchst. was blocked at the meeting of City Council last night when a remonstrance carrying eight signatures was filed. The signatures, it was said, represent the owners of three corner lots. A petition for the paving was returned to council at the last meeting with the approval of the street and alley committee and was referred to the city solicitor for legislation. The petition had been signed by 12 property owners.

Signers of the remonstrance are George McCormack, Blanch McCormack, G. W. Ackley, Blanch Ackley, Henry L. Letteman, Helen S. Letteman, Harry Letteman and Anna C. Letteman. The petitioners base their objections on the grounds that the improvement is not needed and that they would not be benefited.

A petition was also presented to Council for a street light at the intersection of the alley between State and Main sts. running south from Columbia-st. It was referred to the light committee. Another petition asking for the closing of an alley between Park-st and Ballentine-av and running for a distance of 140 feet from Patterson-st, was referred to the street and alley committee. Petition for a sidewalk on the west side of S. Prospect-st from Carner-av to the end of the present sidewalk and for a street light on Madison-av south of the railroad and at any point decided upon by the light committee were also received.

Oh, why should the spirit of mortal be proud?
Like a swift fleeting meteor, a fast flying cloud.
A flash of the lightning, a break of the wave.
Man passeth from life, to his rest in the grave.
'Tis the wink of an eye, the draft of a breath.
From the blossom of health to the bier and shroud.
Oh, why should the spirit of mortal be proud.
